# What Is New.LearnAlberta.ca?

New.LearnAlberta.ca is Alberta’s bilingual platform for teachers, parents, students, and other education partners to access Alberta’s provincial curriculum.

New.LearnAlberta.ca will allow users to interact with the curriculum in ways that were not previously possible.

The purpose of this guide is to help you get the most out of using new.LearnAlberta.ca. This user guide will also offer you tips and tricks for using features within the platform.

## How to Provide Feedback

New.LearnAlberta.ca is still growing and changing. If you have feedback or ideas on how we can improve your experience, the features, or the functionality of this platform, use the Contact Us button (A), which is located at the bottom right-hand corner of each screen on new.LearnAlberta.ca. You can also use the link located at the bottom of the home page (B) or click Contact Us in the left-hand navigation menu (C) once you have navigated away from the home page.

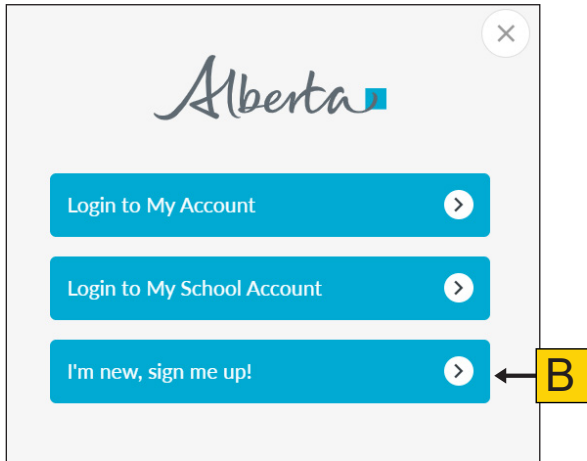

Curriculum and Resources		Need Help?
Alberta's K-6 Curriculum	Explore Resources	Support
Provincial Assessment Hub	Curriculum Implementation Information Hub	Contact Us ← <b>B</b>
e-Tutoring Hub	Boards	
Student Learning Hub	Printable Curriculum	

# How to Create an Account

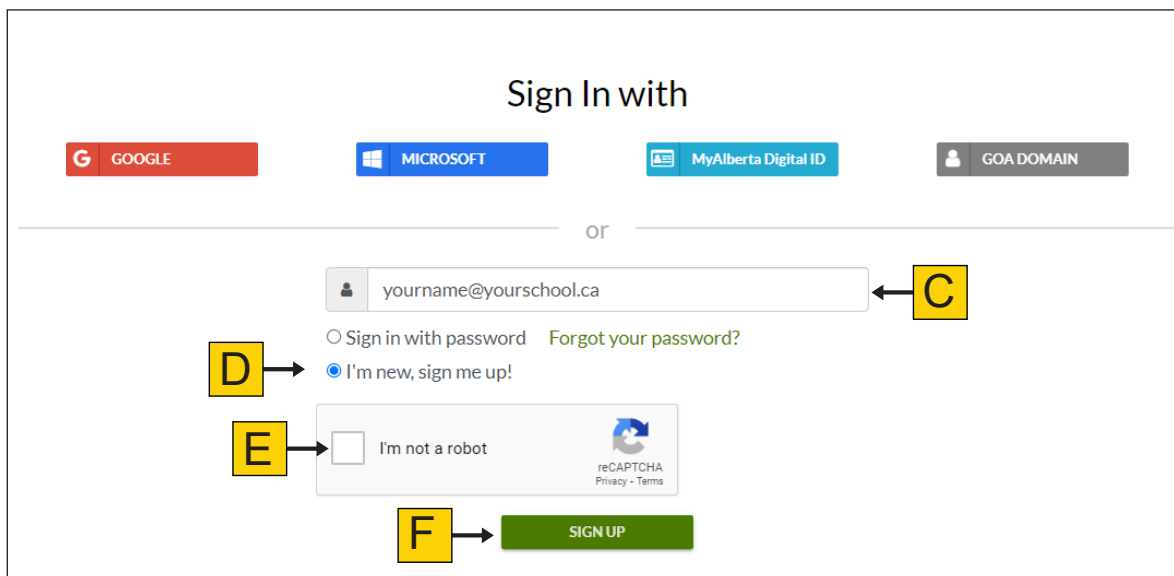

First, you must create a profile through the Provincial Education Directory (PED). Start by clicking Login (A) at the top right-hand corner of new.Learn.Alberta.ca.

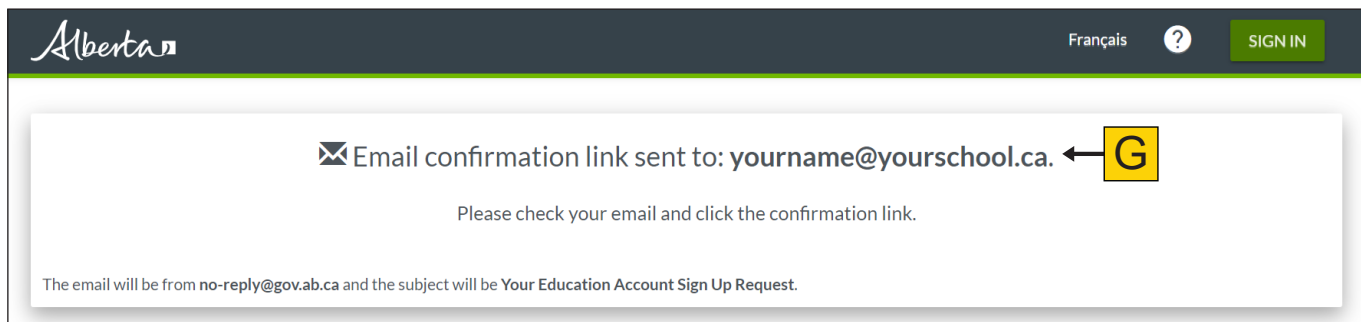

To create a new account, click I'm new, sign me up! (B).

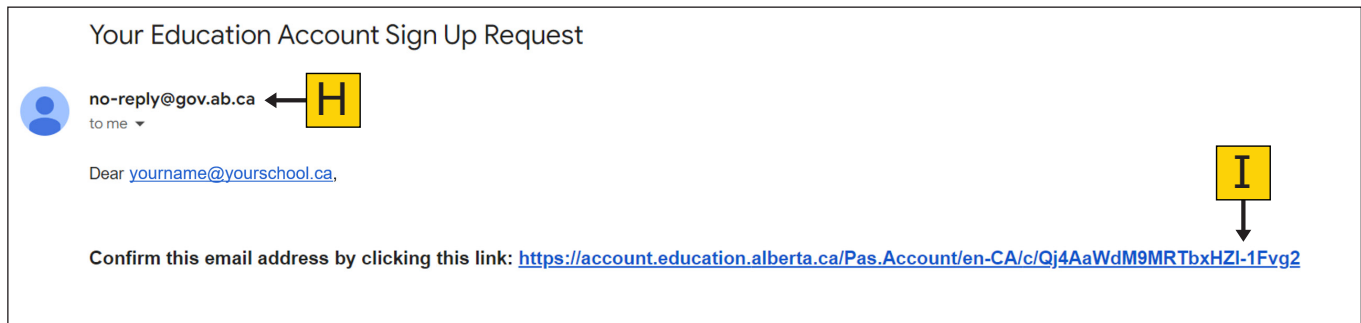

This will take you to the sign-in page. Enter your professional email address in the email field (C), click "I'm new, sign me up!" (D), and then confirm you are not a robot (E). Follow the prompts and then click Sign Up (F).

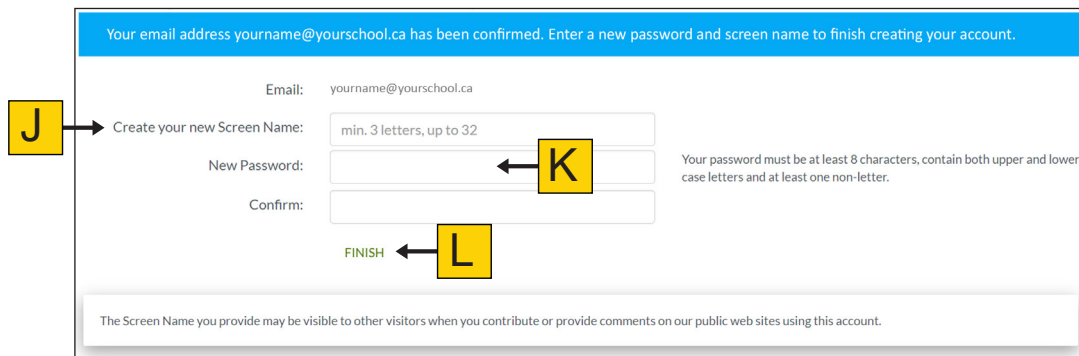

A confirmation email will be sent to the submitted email address (G).

Check your inbox for an email from Alberta Education (H) and click the link provided (I).

Enter a screen name (J) and then enter and confirm a password (K). Your password must have a minimum of 8 characters, including at least 1 capital letter, 1 lower case letter, and 1 special character. Click Finish (L).

After creating your account, you will be able to log in to new.LearnAlberta.ca.

If you have any challenges creating a Provincial Education Directory Account, you may contact support by phone at 780-427-5318 (for toll-free access outside of the Edmonton area, use 310-0000) or by email at [HelpDesk@gov.ab.ca](mailto:HelpDesk@gov.ab.ca).

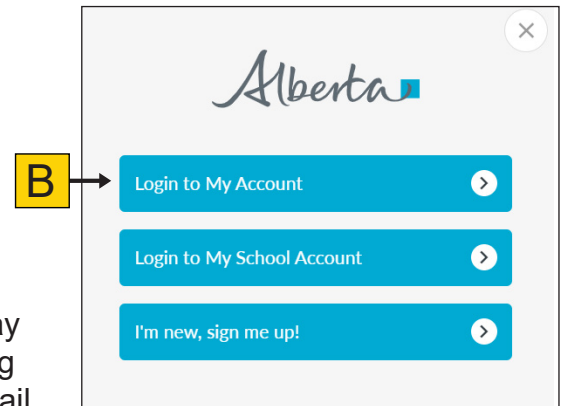

# Logging In

Once you have your account, you can log in to new.LearnAlberta.ca at any time.

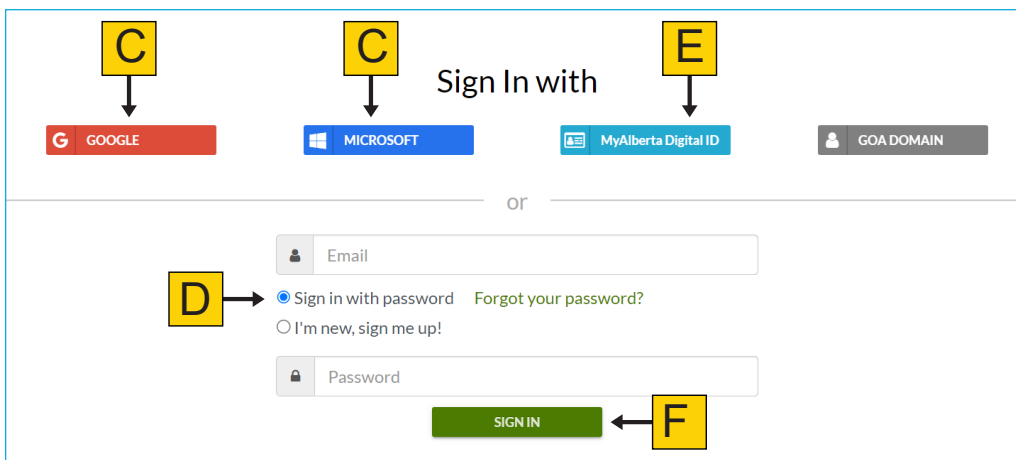

1. To log in to new.LearnAlberta.ca, click Login (A) at the top right-hand corner of your screen from the home page.

2. Click Login to My Account (B).

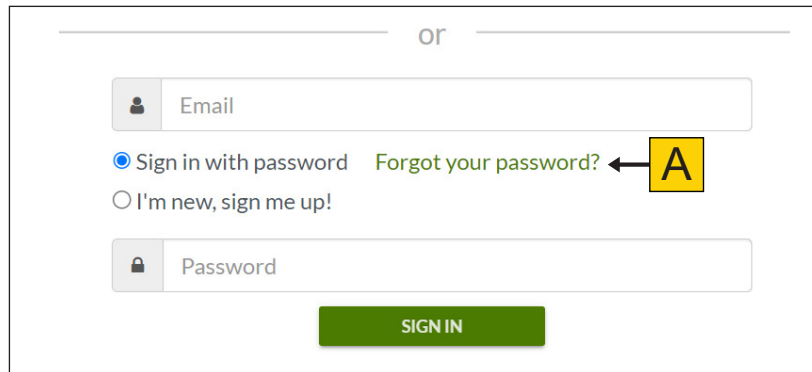

3. If your school authority uses Google or Microsoft, you may sign in by clicking the appropriate button (C) and following the login prompts. Otherwise, enter your professional email address, ensure that "Sign in with password" (D) is selected, and enter your password.

4. You may also sign in with your MyAlberta Digital ID (E).
5. Click Sign In (F).
6. Once you have logged in, you will see your screen name in the top right-hand corner of the application.

# Forgot Your Password?

If you are unable to recall your password, click **Forgot your password?** (A). You will be guided through a series of prompts to recover your password.

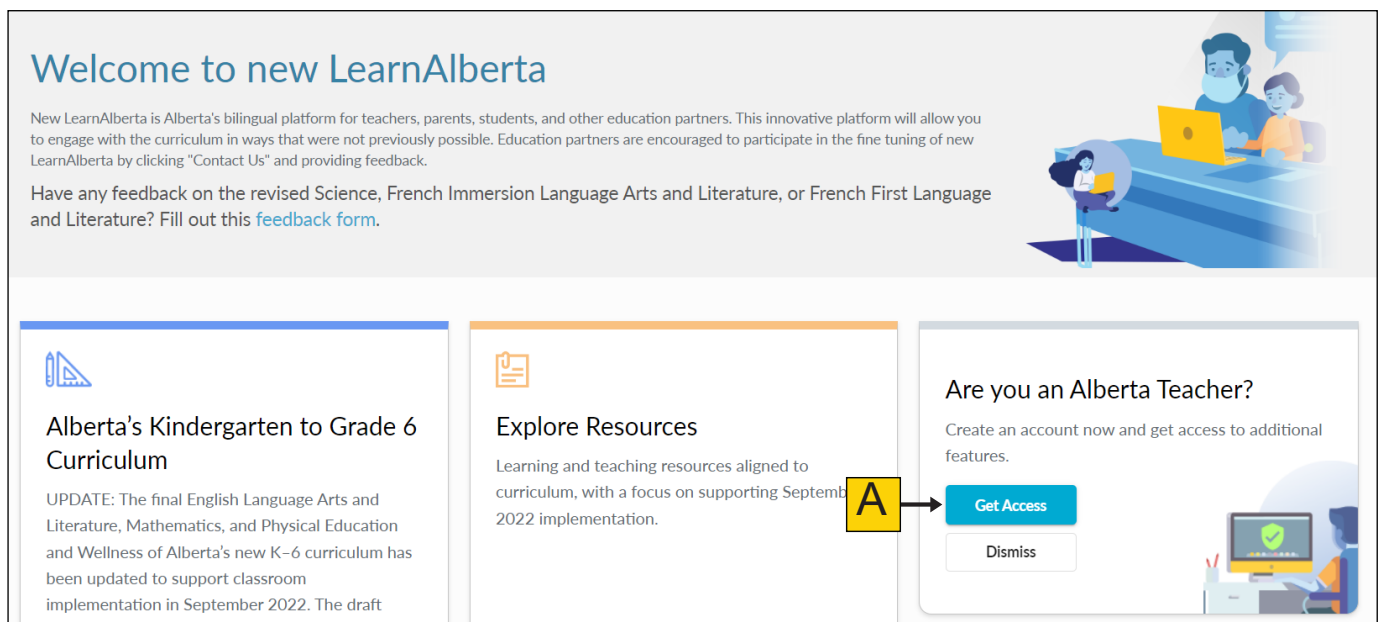

The screenshot shows a login form with the following elements:

- Separator: "or"
- Input field: "Email" with a person icon
- Radio button: "Sign in with password" (selected)
- Link: "Forgot your password?" with a yellow box labeled "A" and an arrow pointing to it
- Radio button: "I'm new, sign me up!"
- Input field: "Password" with a lock icon
- Button: "SIGN IN" (green)

# Requesting Teacher Access

Once logged in, there are a few more steps to take to get teacher access.

1. If this is the first time you are using the application, you will see a dialogue box above the announcements on the right-hand side of the new.LearnAlberta.ca home page. Click **Get Access** (A) to start the registration process. Clicking **Dismiss** will remove this notification from the home page of the application.

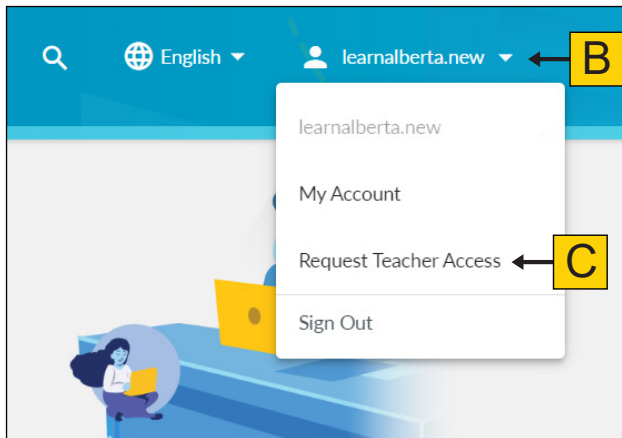

The screenshot shows the LearnAlberta home page with the following sections:

- Welcome to new LearnAlberta**: A header section with a blue background and an illustration of a teacher and student. Text: "New LearnAlberta is Alberta's bilingual platform for teachers, parents, students, and other education partners. This innovative platform will allow you to engage with the curriculum in ways that were not previously possible. Education partners are encouraged to participate in the fine tuning of new LearnAlberta by clicking 'Contact Us' and providing feedback. Have any feedback on the revised Science, French Immersion Language Arts and Literature, or French First Language and Literature? Fill out this [feedback form](#)."
- Alberta's Kindergarten to Grade 6 Curriculum**: A section with a blue header and a ruler icon. Text: "UPDATE: The final English Language Arts and Literature, Mathematics, and Physical Education and Wellness of Alberta's new K-6 curriculum has been updated to support classroom implementation in September 2022. The draft..."
- Explore Resources**: A section with an orange header and a document icon. Text: "Learning and teaching resources aligned to curriculum, with a focus on supporting September 2022 implementation."
- Are you an Alberta Teacher?**: A dialogue box with a blue header. Text: "Create an account now and get access to additional features." It contains two buttons: "Get Access" (highlighted with a yellow box labeled "A") and "Dismiss".

- If you have already clicked the Dismiss button in the dialogue box, you can also request teacher access by clicking your user name (B) at the top right-hand corner of the application and then selecting Request Teacher Access (C).

- You will be prompted to choose the verification option that applies to you. Select “Alberta Certificated Teacher” (D) if you have your certification or select “Other” (E) if you are supporting this work but are not a certificated teacher.

A screenshot of the 'Account Verification Options' dialog box. The title is 'Account Verification Options' with a close button (X). Below the title, it says 'Please select what kind of account access is applicable'. There are three radio button options: 'Alberta Certificated Teacher' (labeled with a yellow box 'D'), 'Post Secondary Educator / Pre-service Teacher', and 'Other' (labeled with a yellow box 'E'). At the bottom right, there are 'Back' and 'Continue' buttons.

**Note:** If you select “Other”, you will be asked for further details.

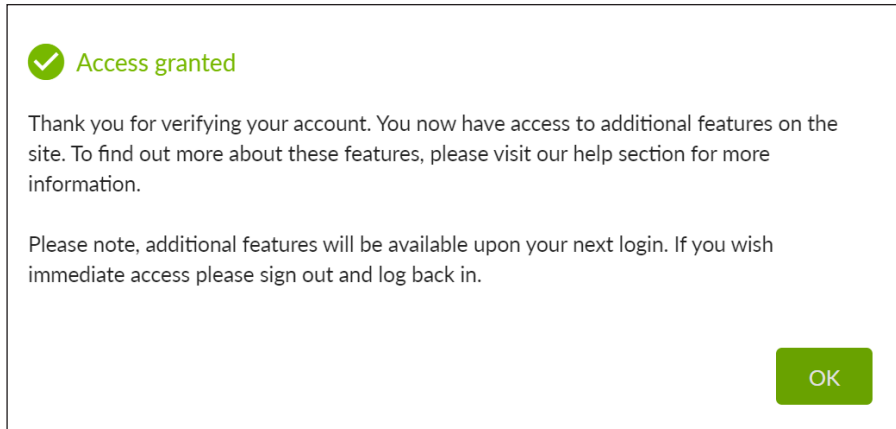

## Alberta Certificated Teacher Access

As an Alberta certificated teacher, you will need to link your account to your certification number.

- You will be asked to enter your Alberta teacher certification number (A) and to provide your birth date (B). This information is not stored and is only used for verification purposes. Once you have entered your information, click Verify (C).

A screenshot of the 'Alberta Certificated Teacher' verification form. The title is 'Alberta Certificated Teacher' with a close button (X). Below the title, it says 'To successfully verify that you are a Alberta Certificated Teacher, please provide the information below. We do not store this information as it is used for verification purposes only.' There are two input fields: 'Alberta Teacher Certification Number \*' (labeled with a yellow box 'A') and 'Birth Date \*' (labeled with a yellow box 'B'). Below the input fields, there are 'Back' and 'Verify' buttons (labeled with a yellow box 'C'). A link 'What's this number?' is next to the certification number field.

2. If the information that you entered is correct and valid, an Access granted message window will appear.

**Note:** In order to see the new features in your account immediately, you must log out, and log in again.

## Post-Secondary Educator/Pre-Service Teacher Access

If you selected “Post Secondary Educator / Pre-service Teacher,” an access verification window will pop-up requesting additional information. Once you have completed all fields, click Submit and Continue (A).

Your request will be reviewed by Alberta Education, and an access verification message will be sent to the email you used to sign up. Alberta Education will contact you if more information is needed.

The screenshot shows a white form window titled "Post Secondary Educator/Pre-Service Teacher Access Verification" with a close button (X) in the top right. Below the title, it says "Please provide the following information." There are four input fields: "Full Name \*", "Phone Number \*", "Affiliated School Name \*", and "Reason \*". Below the "Reason \*" field is a yellow square with the letter "A" and a downward arrow pointing to a "Submit and Continue" button. To the left of this button is a "Back" button.

## Other Access

The screenshot shows a white form window titled "Other access verification" with a close button (X) in the top right. Below the title, it says "Please provide the following information." There are four input fields: "Full Name \*", "Phone Number \*", "Affiliated School Name \*", and "Reason \*". Below the "Reason \*" field is a yellow square with the letter "A" and a leftward arrow pointing to a "Submit and Continue" button. To the left of this button is a "Back" button.

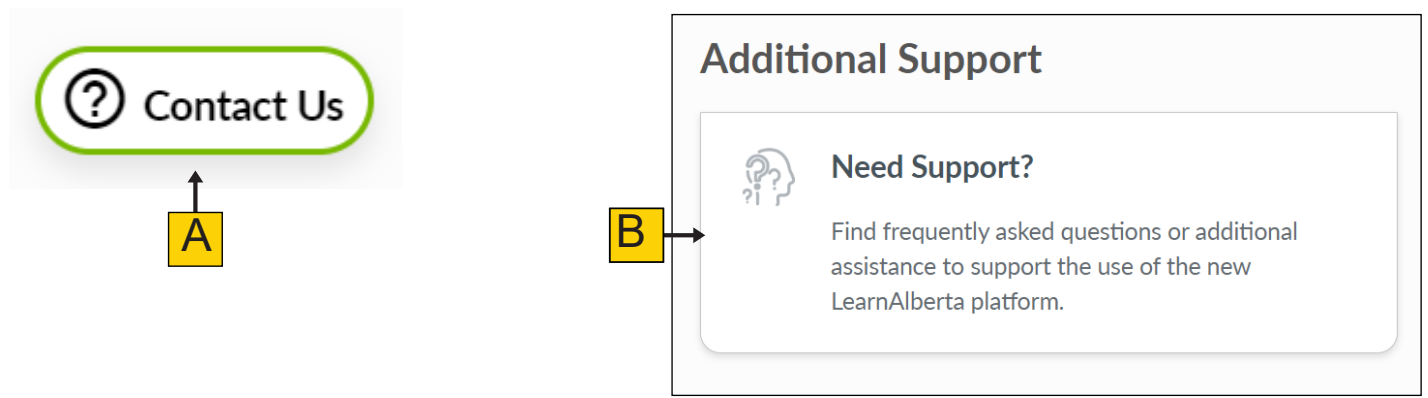

If you selected “Other,” an access verification window will pop-up requesting additional information. Once you have completed all fields, click Submit and Continue (A).

Your request will be reviewed by Alberta Education and an access verification message will be sent to the email you used to sign up. Alberta Education will contact you if more information is needed.

# Additional Support

Access additional login support by clicking Contact Us (A) in the bottom right-hand corner of your screen.

Under Additional Support at the bottom of the home page, click Need Support? (B) to access frequently asked questions (FAQs) and other tools.

# Explore New.LearnAlberta.ca

## Choose Your Language

Click the language indicator in the top right-hand corner of your screen to toggle between English and French (A).

# Home Page Tiles

Take some time to explore new.LearnAlberta.ca by clicking each tile on the home page.

Clicking on a tile will take you to the tile's landing page. Each tile provides a brief description of what can be found while navigating that tile.

 <h3>Alberta's Kindergarten to Grade 6 Curriculum</h3> <p>UPDATE: The final English Language Arts and Literature, Mathematics, and Physical Education and Wellness of Alberta's new K-6 curriculum has been updated to support classroom implementation in September 2022. # Curriculum Viewer

## Viewing Alberta's Kindergarten to Grade 6 Curriculum

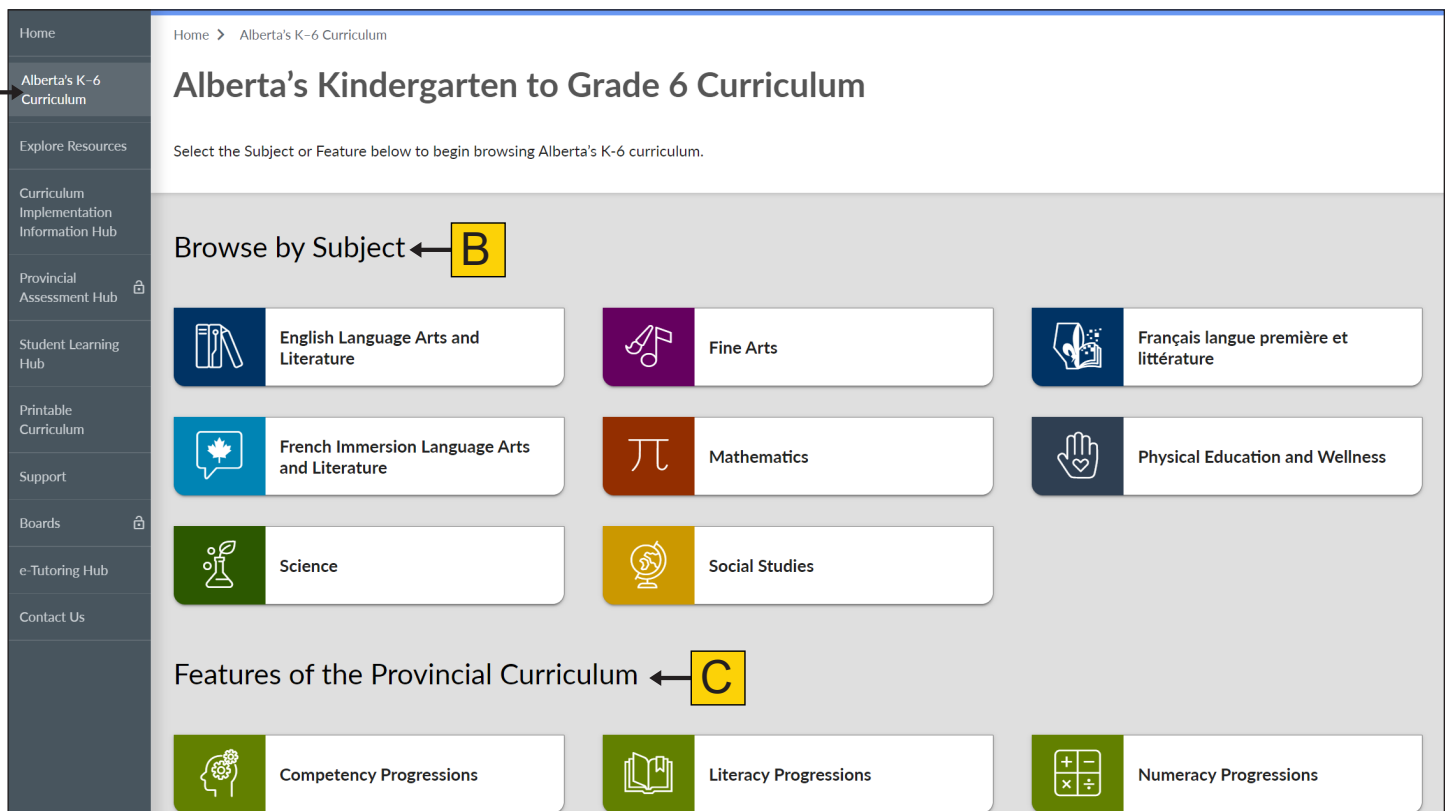

From the home page, you can access the curriculum viewer by clicking the Alberta's Kindergarten to Grade 6 Curriculum tile.

### Alberta's Kindergarten to Grade 6 Curriculum

UPDATE: The final English Language Arts and Literature, Mathematics, and Physical Education and Wellness of Alberta's new K-6 curriculum has been updated to support classroom implementation in September 2022. The draft curriculum for all other subjects will be maintained in this area.

From all other pages, you can click Alberta's K-6 Curriculum in the left-hand navigation menu (A) to access the curriculum. Choose the Subject (B) or a Feature of the Provincial Curriculum (C) that you would like to explore.

Home > Alberta's K-6 Curriculum

## Alberta's Kindergarten to Grade 6 Curriculum

Select the Subject or Feature below to begin browsing Alberta's K-6 curriculum.

### Browse by Subject

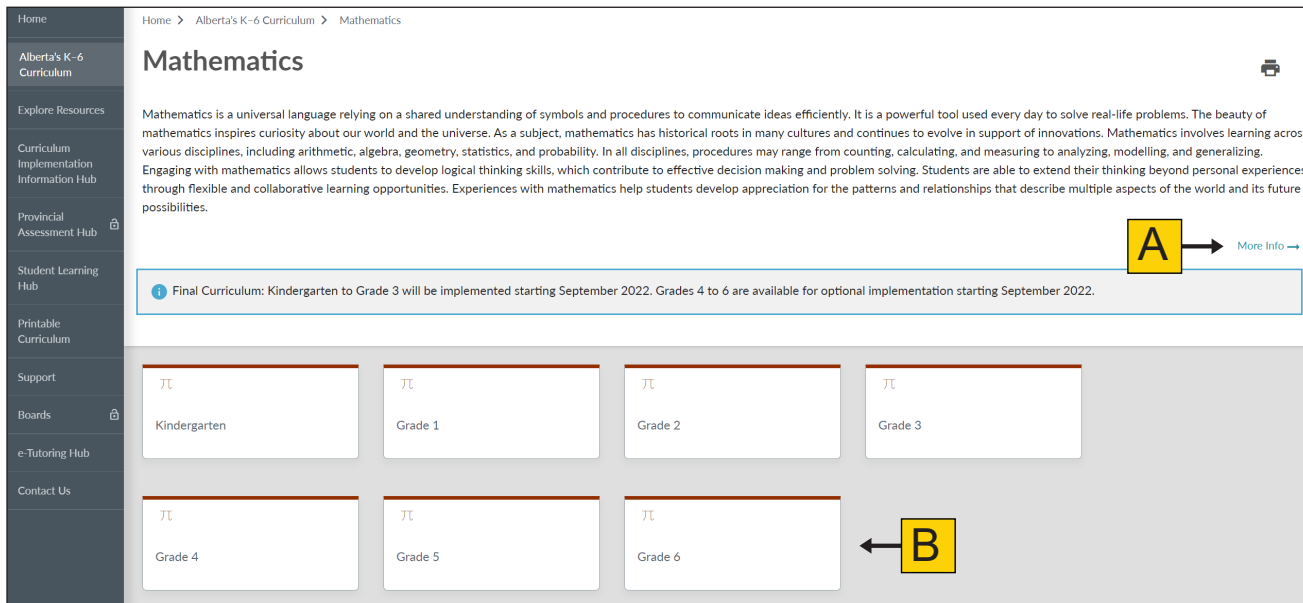

- English Language Arts and Literature
- French Immersion Language Arts and Literature
- Science
- Fine Arts
- Mathematics
- Social Studies
- Français langue première et littérature
- Physical Education and Wellness

### Features of the Provincial Curriculum

- Competency Progressions
- Literacy Progressions
- Numeracy Progressions

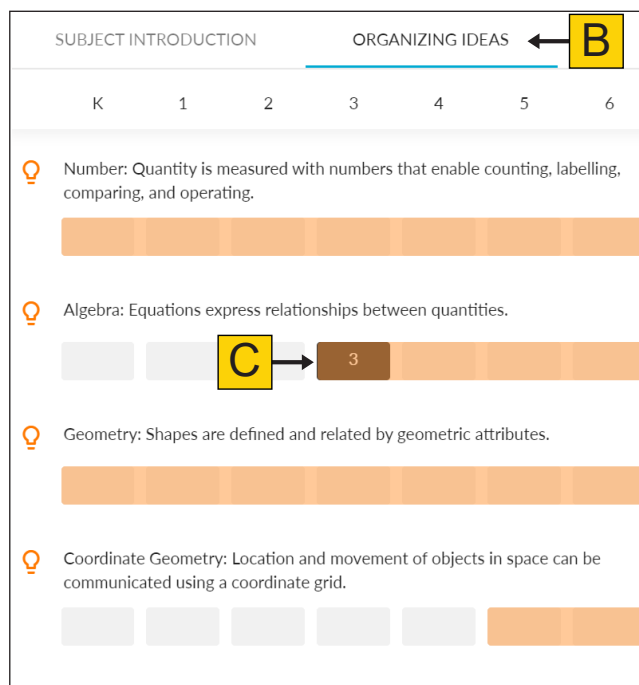

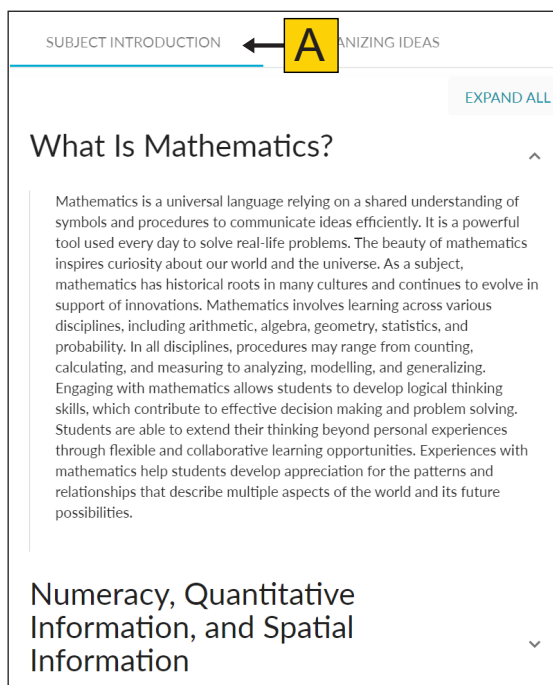

# Subject Pages

Clicking a subject will take you to that subject's page. You will be able to view the Subject Introduction and Organizing Ideas by clicking More Info (A). Access the curriculum viewer by choosing a grade to view (B).

## More Info

Clicking More Info will open the Subject Introduction (A) and the Organizing Ideas (B) panel. To view an organizing idea within the curriculum viewer, click the grade (C) you would like to see.

# Navigating the Curriculum

The curriculum viewer allows users to see organizing ideas; guiding questions; learning outcomes; and knowledge, understanding, and skills & procedures statements as they relate to one another across the grade levels.

Mathematics Change Subject ▾ Print Collapse All

## Learning Outcome Flyout Panel

Clicking on a Learning Outcome will open an information flyout panel.

Hover your mouse over the Learning Outcome and click the information icon (A) in the top right-hand corner. On your mobile device, tap the Learning Outcome to reveal the information icon.

**LEARNING OUTCOME**  
Students analyze quantity to 1000.

**KNOWLEDGE**  
Any number of objects in a set can be represented by a natural number.  
  
The values of the places in a four-digit natural number are thousands, hundreds, tens, and ones.  
  
Places that have no value within a given number use zero as a placeholder.  
  
The number line is a spatial representation of quantity.

**UNDERSTANDING**  
There are infinitely many natural numbers.  
  
Every digit in a natural number has a value based on its place.  
  
Each natural number is associated with exactly one point on the number line.

**SKILLS & PROCEDURES**  
Represent quantities using words and natural numbers.  
  
Identify the digits representing thousands, hundreds, tens, and ones based on place in a natural number.  
  
Relate a number, including zero, to its position on the number line.

**A**

You can see the Learning Outcome's associated Organizing Idea; Guiding Question; Knowledge, Understanding, and Skills & Procedures; resources; and Competency Progressions, Literacy Progressions, and Numeracy Progressions. Click the corresponding tab (B) to see more information. Click the x (C) in the top right-hand corner to close the flyout panel.

If there are any resources associated with the learning outcome, they will appear underneath the Resources tab.

## Return to Top

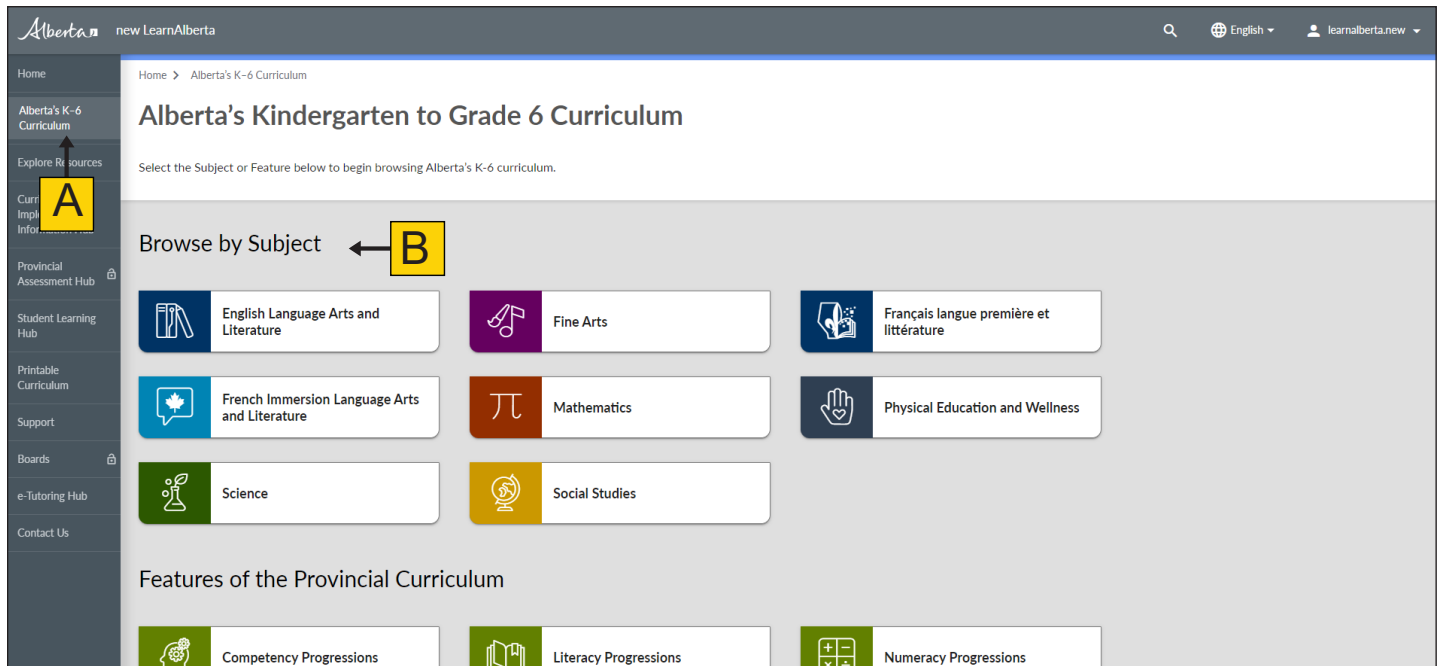

At any time, you can click the back to top button (A) to return to the top of the curriculum viewer.

# Customized Curriculum Printing

## Navigate to Subject Page

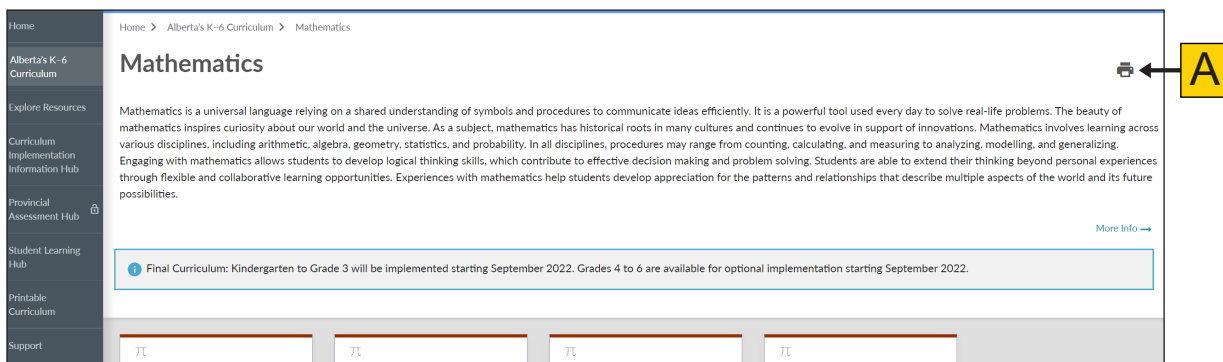

To access the customizable printing options, select Alberta's K–6 Curriculum (A) from the left-hand navigation menu.

Select the subject you would like to print (B).

## Select Print

Once you are on the subject page, you will find the print icon (A) in the upper right corner of the screen. Click the print icon to access the Print Options menu.

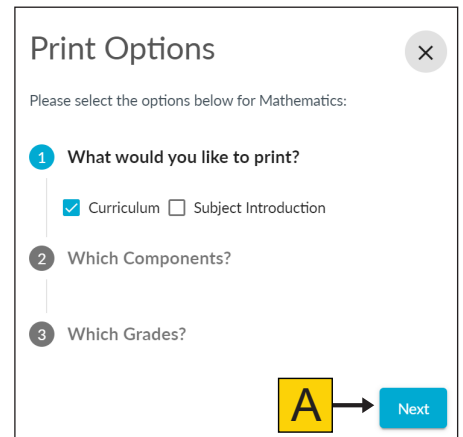

# Choose Your Print Options

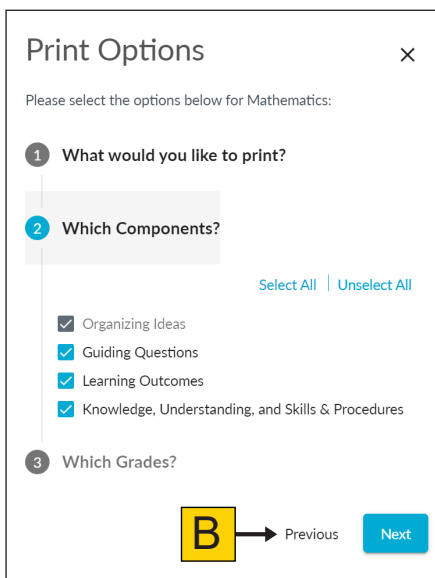

Select your preferences from the Print Options menu.

## 1. What would you like to print?

You may select “Curriculum,” “Subject Introduction,” or both. Click Next (A) to proceed.

## 2. Which Components?

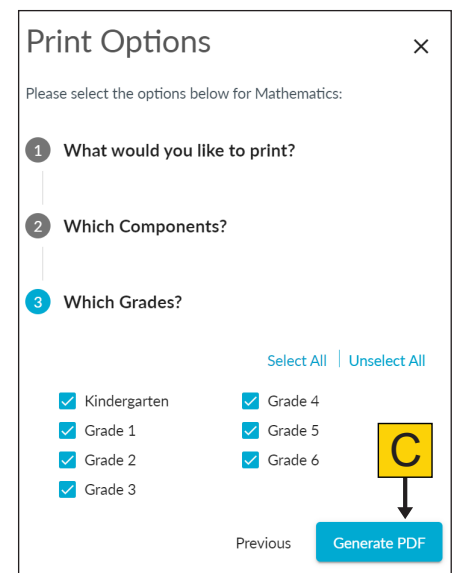

If you choose to print the curriculum, the “Organizing Ideas” option is automatically selected in the components. You may choose to include the “Guiding Questions,” “Learning Outcomes,” or “Knowledge, Understanding, and Skills & Procedures” options. Selecting “Learning Outcomes” will automatically select the associated Guiding Questions. Selecting “Knowledge, Understanding, and Skills & Procedures” will select all components.

Click Next to proceed. Click Previous (B) to return to the previous selections.

## 3. Which Grades?

Select the grade or combination of grades you would like to print. Click Generate PDF (C) to generate your printable document.

Click Previous to return to the previous selections.

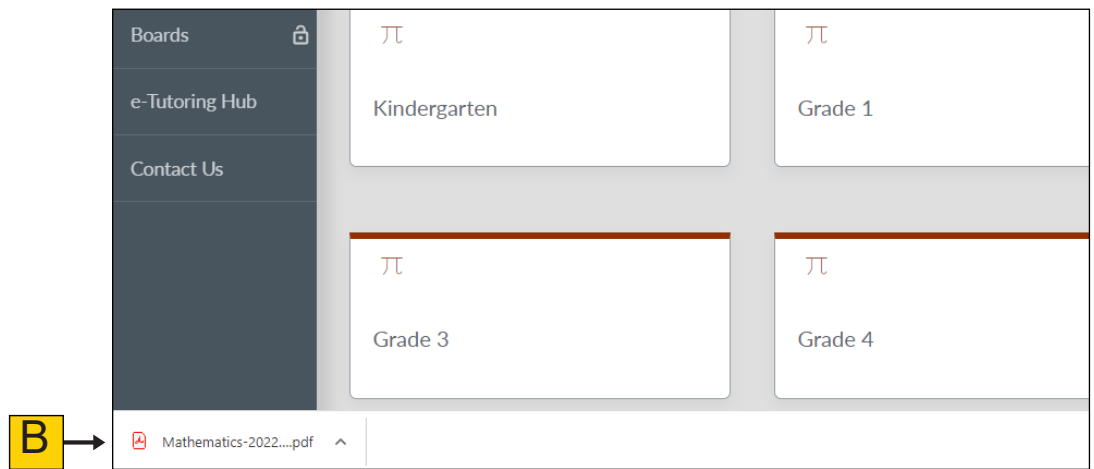

## Generate Your Document

Once you click Generate PDF (A), a printable document will download onto your device.

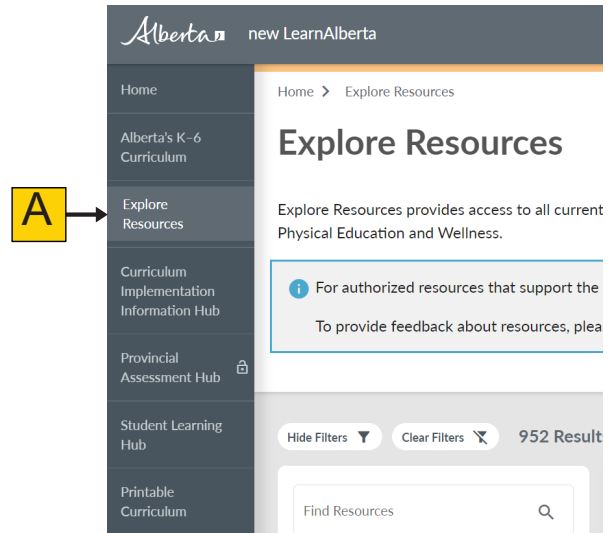

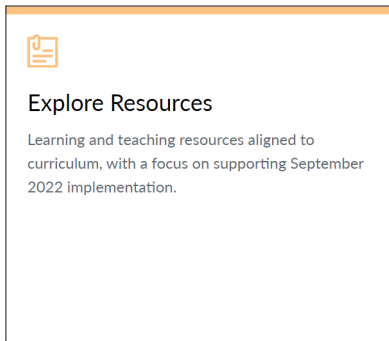

Click the download to open the file (B). If you would like to print, click the print icon, and then follow your device's instructions for printing.

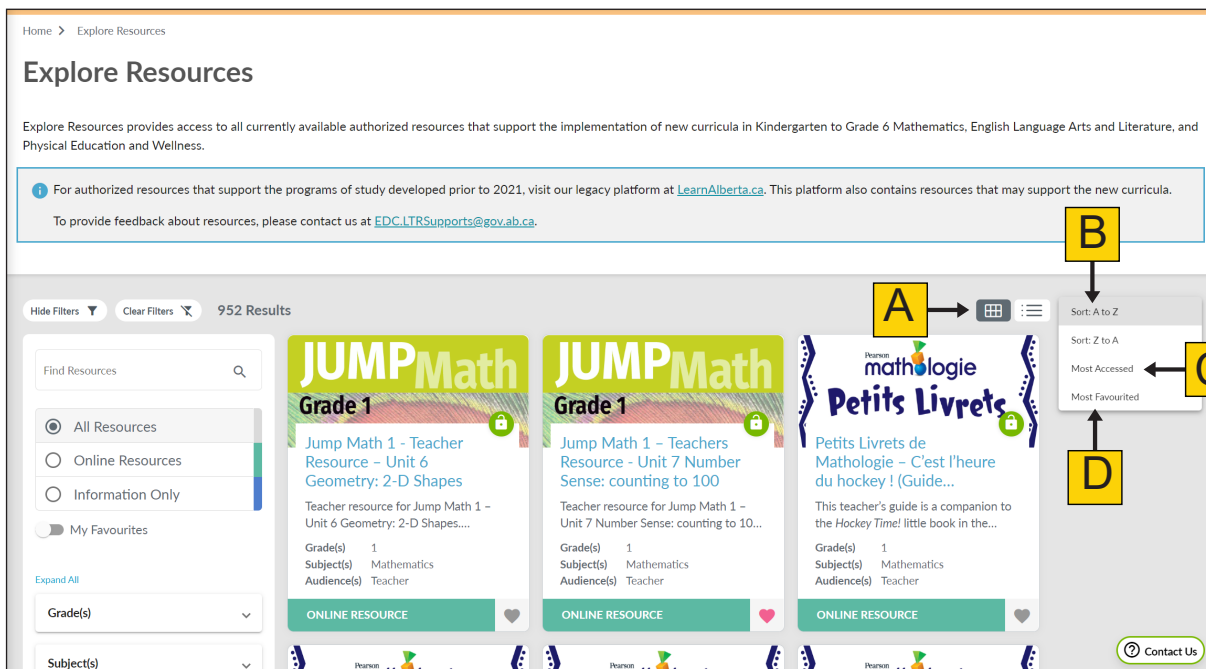

# Explore Resources

You can find resources to support teaching and learning on new.LearnAlberta.ca by clicking the Explore Resources tile on the home page or by using the left-hand navigation menu (A). Additional resources and features are available to you if you have a teacher account.

## Explore Resources Landing Page

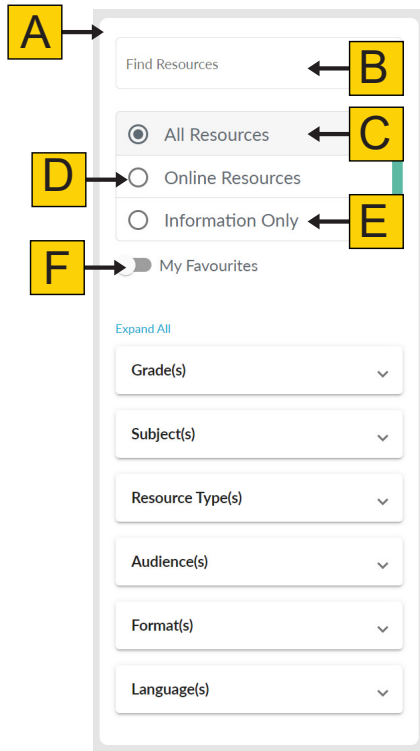

By default, all resources will be displayed when you visit Explore Resources. The resources can be displayed in a grid view or a list view (A). You can choose to sort resources alphabetically (B), by Most Accessed (C), or by Most Favourited (D).

# Resource Filters

## Resource Filter Descriptions

On the left side of the Explore Resources page, you will find various filters (A). These filters will help you quickly find resources that support teaching and learning.

(B) Find Resources: Enter keywords related to your search.

(C) “All Resources”: View all available resources.

(D) “Online Resources”: View resources that are online, digital, and directly accessible.

(E) “Information Only”: View resources that are not directly accessible

(F) My Favourites: View resources that have been added to your favourites.

(G) Grade(s): Filter resources by grade(s).

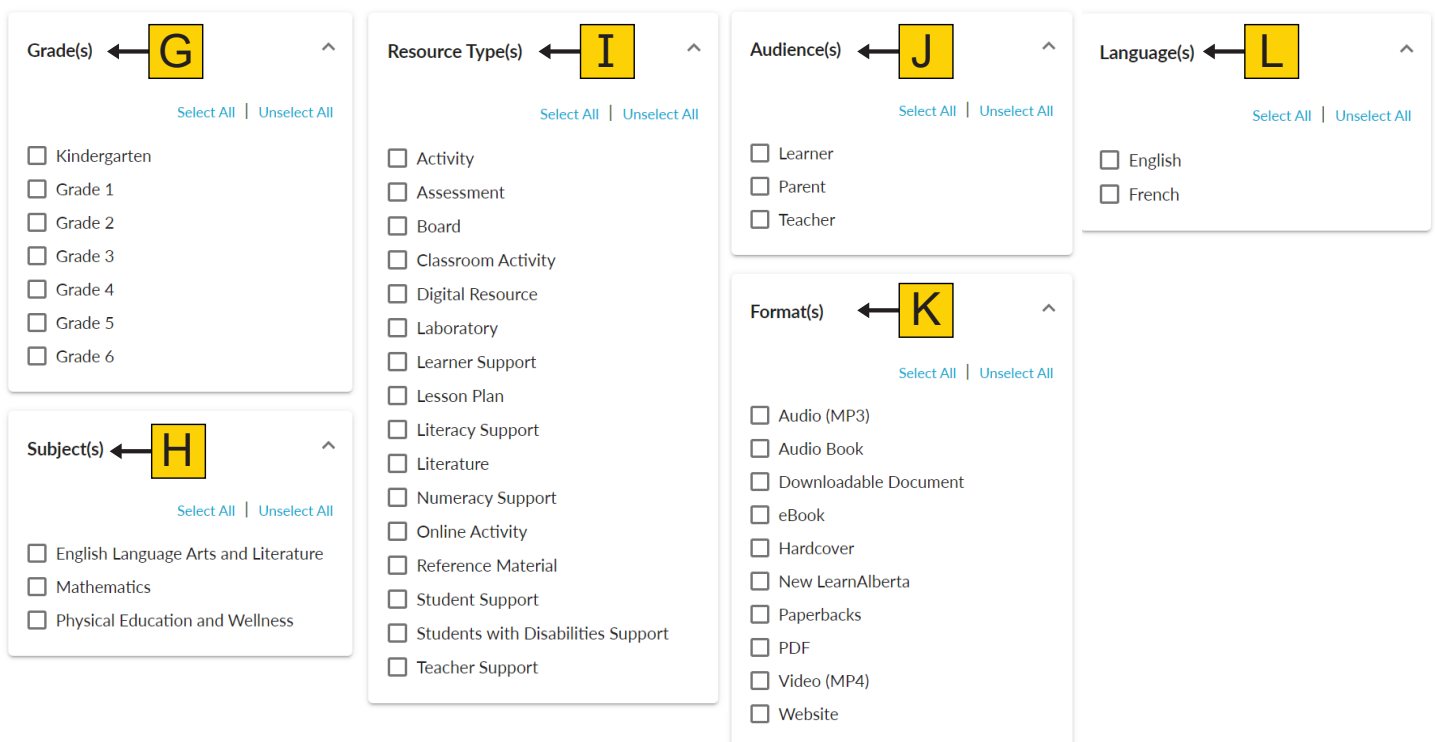

(H) Subject(s): Filter resources by subject(s).

(I) Resource Type: Filter resources by type.

(J) Audience: Filter resources by intended audience(s).

(K) Format: Filter resources by format.

(L) Language: Filter resources by English or French.

## Applying Resource Filters

Select the filters you would like included in your search results by clicking the checkbox (A). Click Select All (B) to include all filters from the category. Click Unselect All (C) to remove all filters from the category.

A number (D) indicating how many filters you have selected for that category will display next to the title.

The number of results returned (E) according to your selected filters is indicated above the filter panel. The filtered search results (F) will display on the right-hand side of the screen.

Expand All/Collapse All (G) will close/open all filter sections. Clear Filters (H) will remove any filters you have selected.

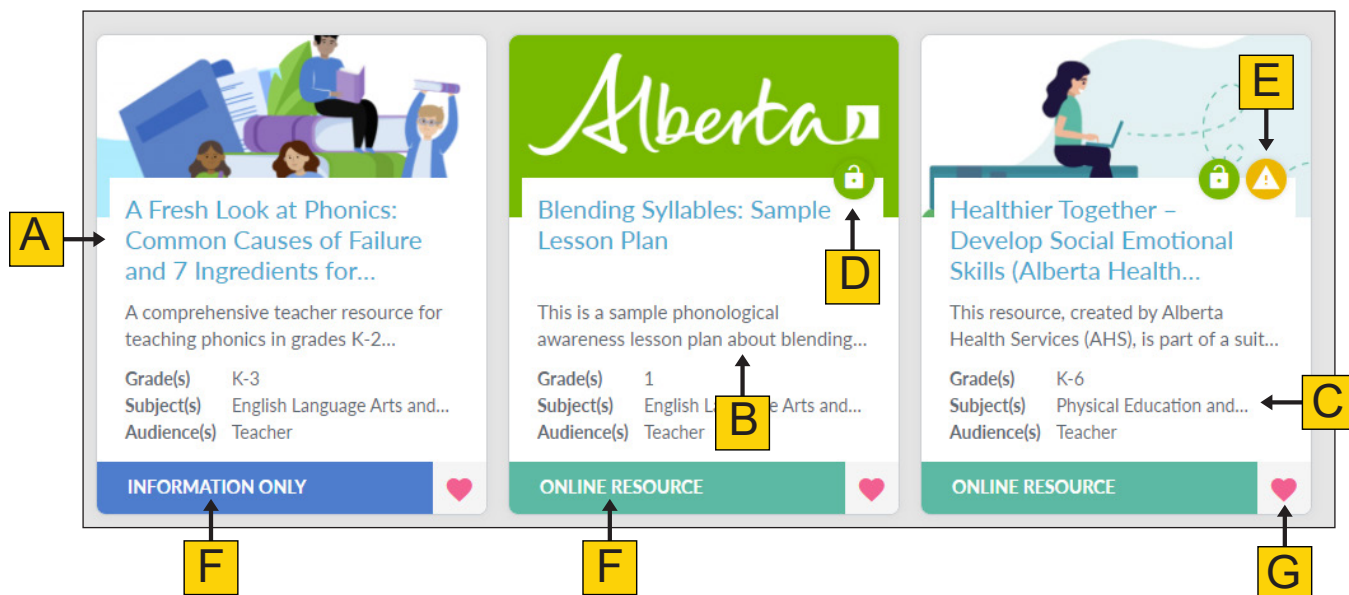

Hide Filters/Show Filters (I) will hide/show the filter panel.

The screenshot displays a search interface with a filter panel on the left and search results on the right. The filter panel includes a search bar, a 'Find Resources' button, and radio buttons for 'All Resources', 'Online Resources', and 'Information Only'. There is also a 'My Favourites' toggle. Below these are expandable sections for 'Grade(s)' and 'Subject(s)'. The 'Grade(s)' section shows 'Grade(s) (2)' and a list of grades from 1 to 6. The 'Subject(s)' section is partially visible. The search results area shows a total of '463 Results'. The results are displayed in a grid of cards. The top row features three cards: two 'JUMP Math Grade 1' cards and one 'Petits Livrets' card. The bottom row features three 'Petits Livrets' cards. Each card includes a title, a brief description, and metadata such as 'Grade(s)', 'Subject(s)', and 'Audience(s)'. The interface is annotated with yellow boxes and arrows labeled A through I, pointing to various UI elements: A points to a checkbox in the grade filter; B points to the 'Select All' link; C points to the 'Unselect All' link; D points to the '(2)' next to the grade filter title; E points to the '463 Results' text; F points to the search results grid; G points to the 'Collapse All' link; H points to the 'Clear Filters' button; and I points to the 'Hide Filters' button.

## Resource Cards

Each resource card displays a summary of the resource, including the title (A); a brief description (B); associated grade(s), subject(s), and audience(s) (C); access permissions (D); resource sensitivities (E); access types (F); and the option to favourite a resource (G).

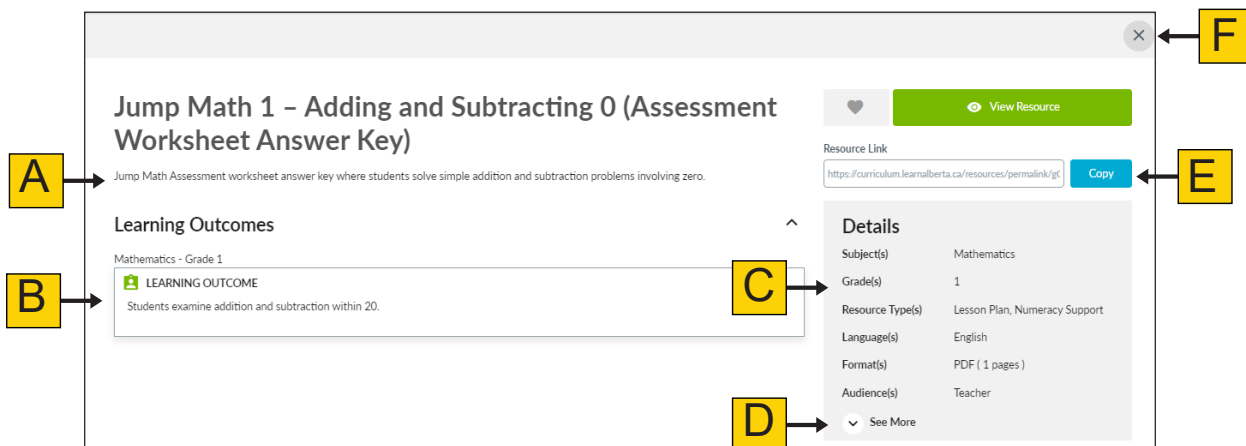

## Resource Flyout Panel

Clicking a resource card will open up the resource flyout panel. Here, you can see the full description of the resource (A), any associated learning outcomes (B), and specific details (C).

Click See More (D) to view additional details related to the resource. Click See Less to collapse additional details.

To get a direct URL for an online resource, click the Copy (E) button.

Click the x (F) in the top right-hand corner to close the resource flyout panel.

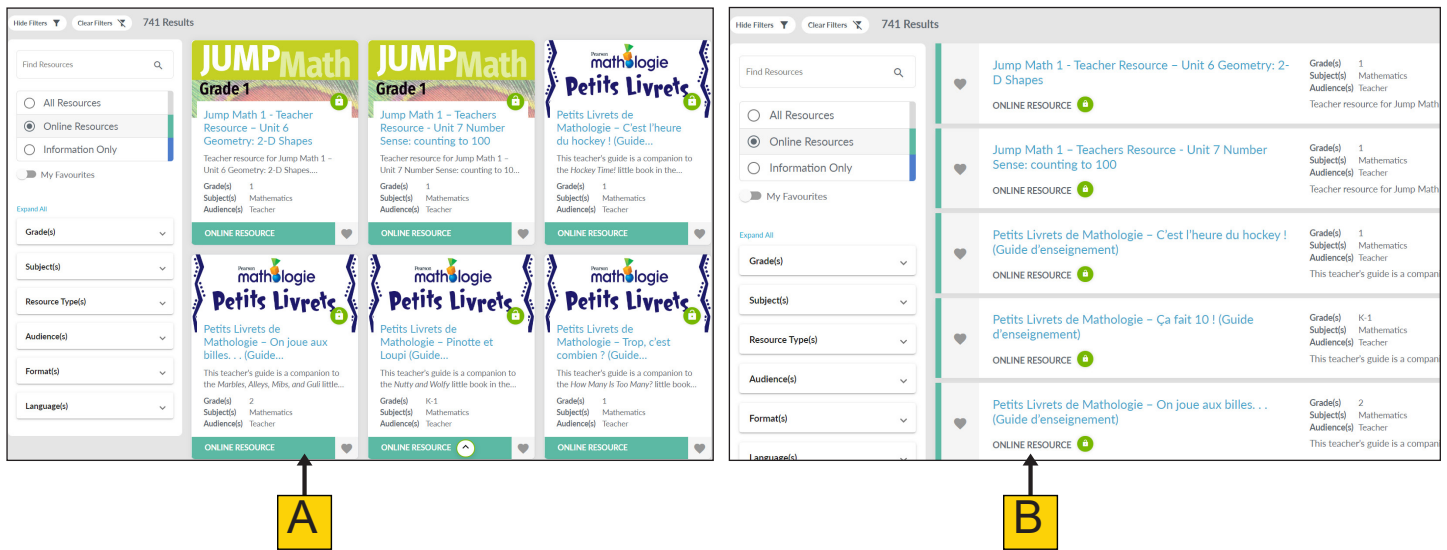

# Online Resource vs. Information Only Label

Online resources are digitally accessible via a given URL and are indicated with a corresponding colour label. Information only resources are not directly accessible, and users will have to source a copy independently.

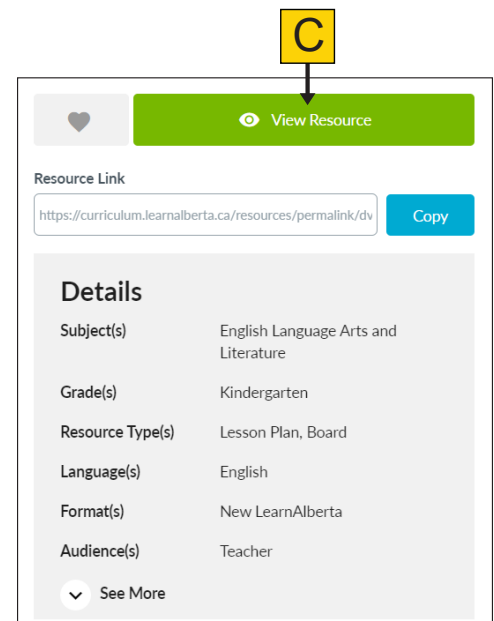

## Online Resource

On grid view, this type of resource will display the text Online Resource (A) at the bottom of the resource card.

On list view, this type of resource will display the text Online Resource (B) at the bottom left of the resource card.

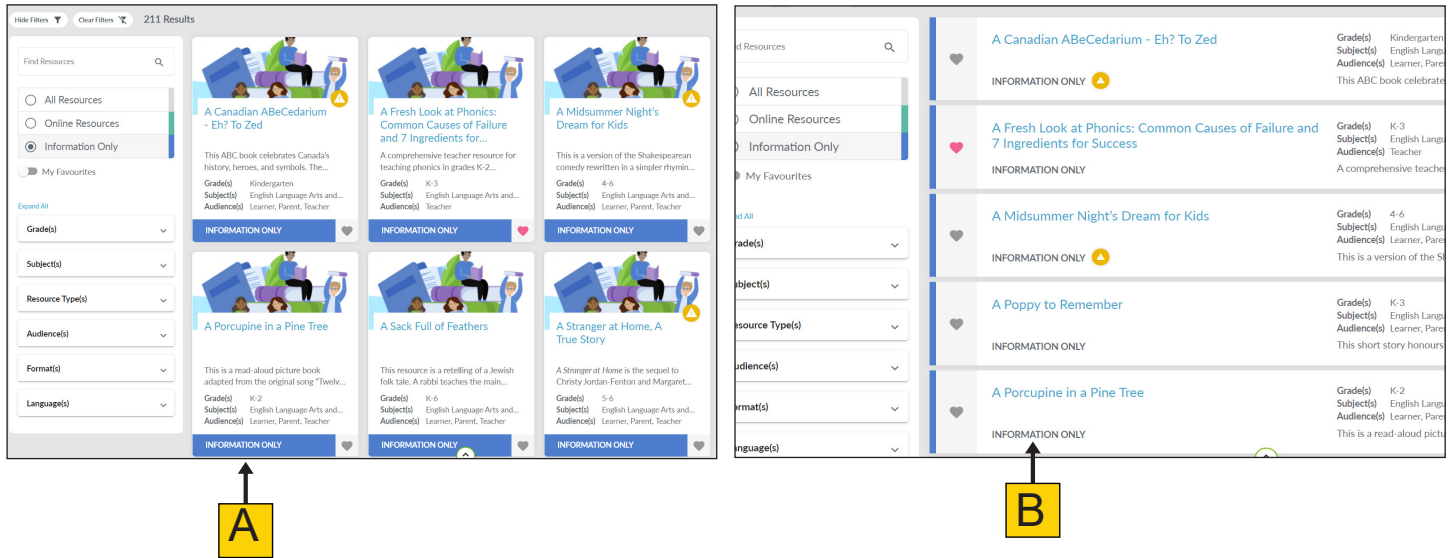

Click View Resource (C) in the resource flyout panel to be directed to the resource. The resource will open in a new tab.

# Information Only Resource

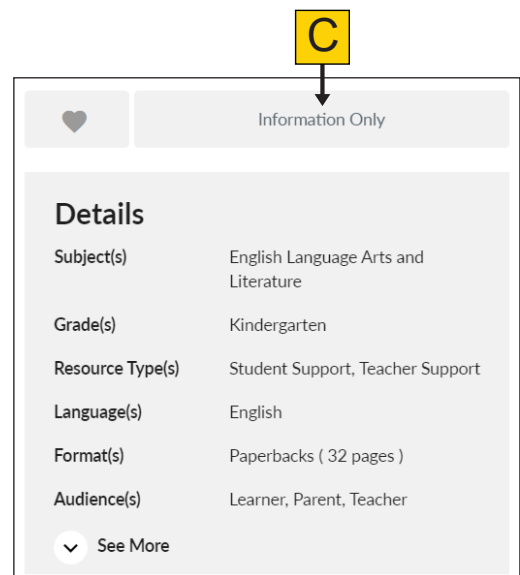

In grid view, this type of resource will display the text Information Only (A) at the bottom of the resource card.

In list view, this type of resource will display the text Information Only (B) at the bottom left of the resource card.

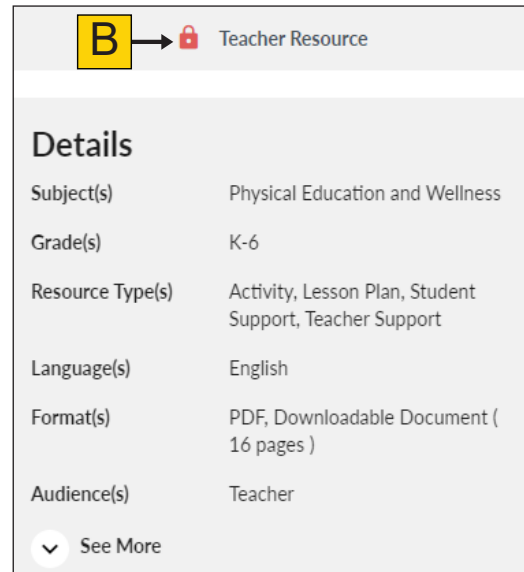

There will be a greyed-out button (C) indicating this is for information only in the resource flyout panel. Examples of these resources are print books.

**Note:** Remember, some resources are only available to certificated Alberta teachers. Ensure you are logged in with your teacher account to have full, unrestricted access to resources.

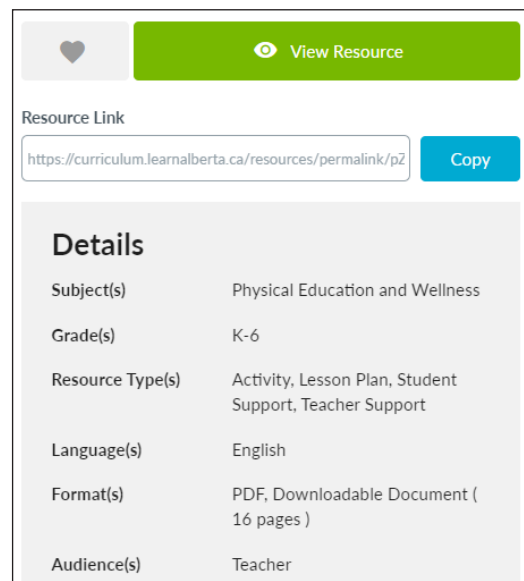

# Locked Resources

When a closed red lock appears on a resource card (A) and within the resource flyout panel (B), this means that the resource is restricted to Alberta certificated teachers and their students. Make sure you are logged in as a teacher to access these resources.

The open green lock (C) indicates that you have the correct permissions to access the resource.

# Resource Sensitivities

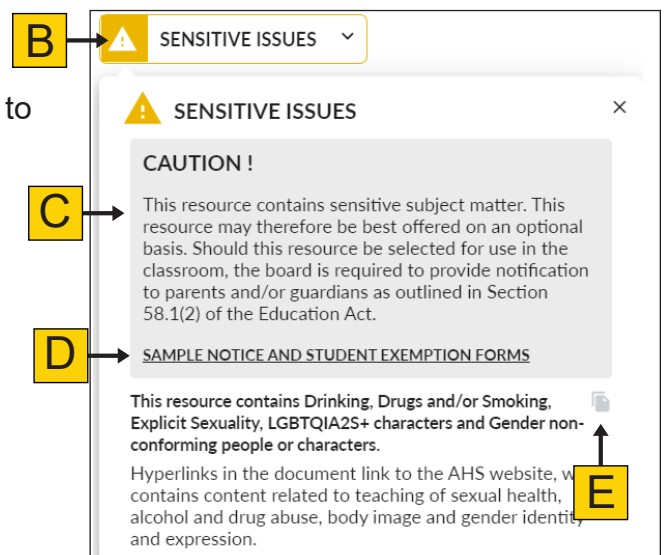

A yellow caution icon (A) is displayed on a resource card if the resource contains content related to sensitive issues.

To view the resource sensitivities, click on the card to open the resource flyout panel and then click on the sensitive issues button (B).

If a resource contains subject matter that deals primarily and explicitly with religion or human sexuality, a caution message is displayed (C). A link is provided (D) to a Sample Notice and Student Exemption form as outlined in Section 58.1(2) of the *Education Act*.

Click the copy button (E) next to the sensitive issue(s) to copy the text to your device's clipboard.

# Favouriting Resources

When you are logged in with your teacher account, you have the ability to add resources to your favourites. This feature allows you to save resources for later and quickly access them when needed.

To add a resource to your favourites, click the heart on the resource card (A) or in the resource flyout panel (B).

The image shows a resource card for "Jump Math 1 - Teacher Resource - Unit 6 Geometry: 2-D Shapes" and its corresponding flyout panel. On the resource card, a heart icon is highlighted with a yellow box labeled 'A'. On the flyout panel, a heart icon is highlighted with a yellow box labeled 'B'. The flyout panel includes a "View Resource" button, a "Resource Link" field with a "Copy" button, and a "Details" section with the following information:

Details	
Subject(s)	Mathematics
Grade(s)	1
Resource Type(s)	Assessment, Lesson Plan, Teacher Support, Numeracy Support
Language(s)	English
Format(s)	PDF ( 94 pages )
Audience(s)	Teacher
See More	

The heart will turn red (C), indicating the resource has been added to your favourites. You can remove a resource from My Favourites at any time by clicking the heart again.

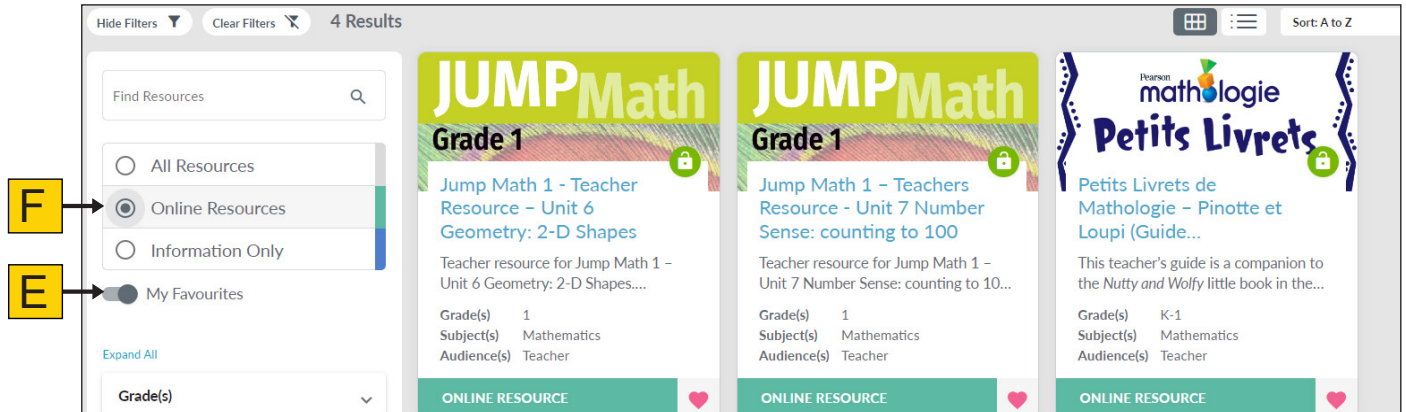

The image shows the "My Favourites" section of the interface. Two resource cards are displayed, each with a red heart icon labeled 'C'. The first card is "Jump Math 1 - Teacher Resource - Unit 6 Geometry: 2-D Shapes" and the second is "Jump Math 1 - Teachers Resource - Unit 7 Number Sense: counting to 100". Both cards show their respective details and a red heart icon.

Use the "All Resources" (D) and My Favourites (E) filters to view the all the resources you have added to your favourites.

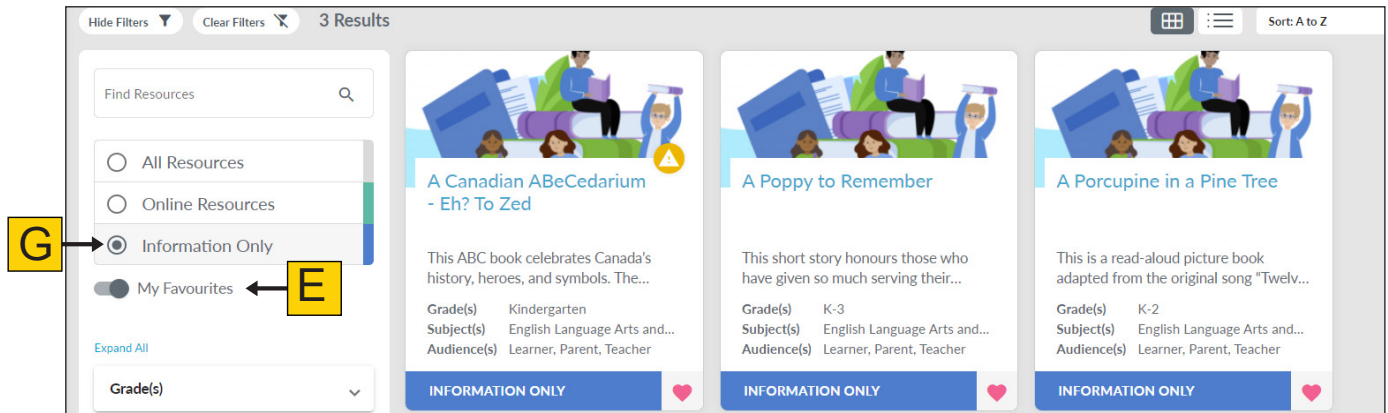

The image shows the search filters and results. The "All Resources" filter is labeled 'D' and the "My Favourites" filter is labeled 'E'. The search results show four resources:

- Jump Math 1 - Teacher Resource - Unit 6 Geometry: 2-D Shapes
- Jump Math 1 - Teachers Resource - Unit 7 Number Sense: counting to 100
- Petits Livrets de Mathologie - Pinotte et Loupi (Guide...)

Use the “Online Resources” (F) and My Favourites (E) filters to view only the online resources you have added to your favourites.

Use the “Information Only” (G) and My Favourites (E) filters to view only the information only resources you have added to your favourites.

# Global Search on New.LearnAlberta.ca

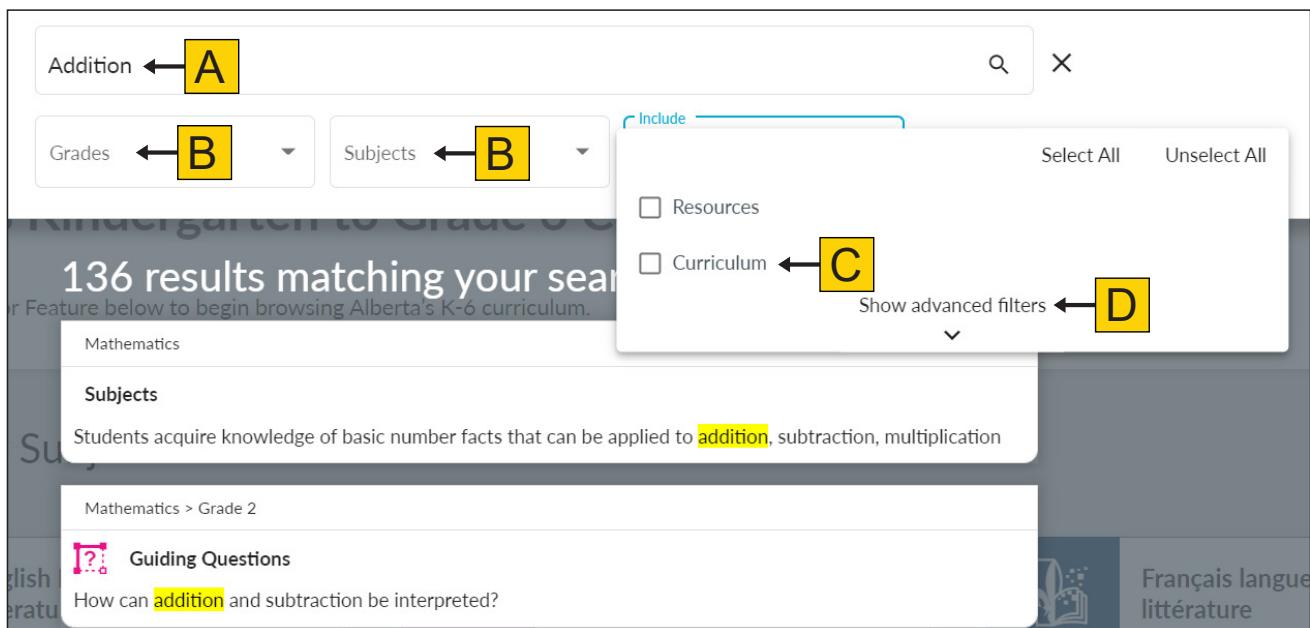

Users are able to search new.LearnAlberta.ca for specific items related to Alberta’s K–6 curriculum and resources. The search icon (A) is located in the top right-hand corner of the application.

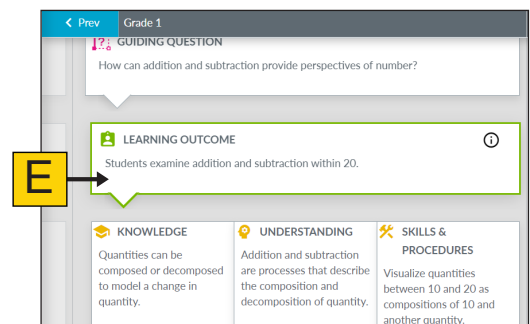

## Searching Alberta’s K–6 Curriculum

In the search bar, you can enter a search term (A) and filter your results by grade or by subject (B). You can further filter your results to curriculum features only by selecting “Curriculum” (C).

Click Show advanced filters (D) to further filter results to specific curriculum components and features. Your search term will be **highlighted** within the results.

Clicking a search result will take you to the selected curriculum component/feature in the curriculum viewer. The component/feature related to your search will be outlined in colour (E).

# Searching Resources

You can further filter your results to resources only by selecting “Resources” (A).

# Searching Boards

You can further filter your results to boards only by selecting “Boards” (A). Results will include published boards, boards shared with you, and your own boards.

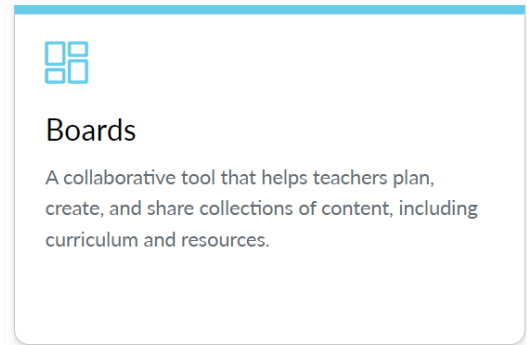

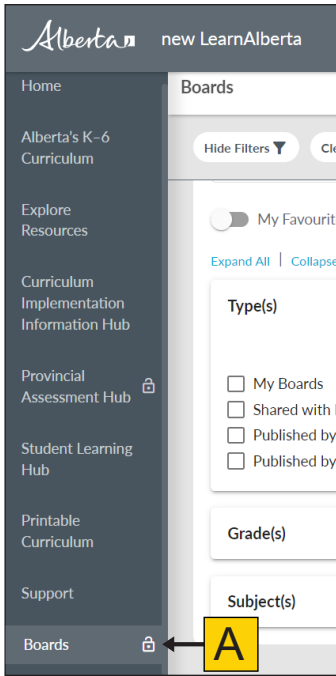

Clicking a search result (B) will take you to the board (C).

# Boards

Boards is a collaborative tool that helps teachers plan, create, and share collections of content, including curriculum and resources.

To access Boards, click the Boards tile on the new.LearnAlberta.ca home page. You can also select Boards from the left-hand navigation menu (A).

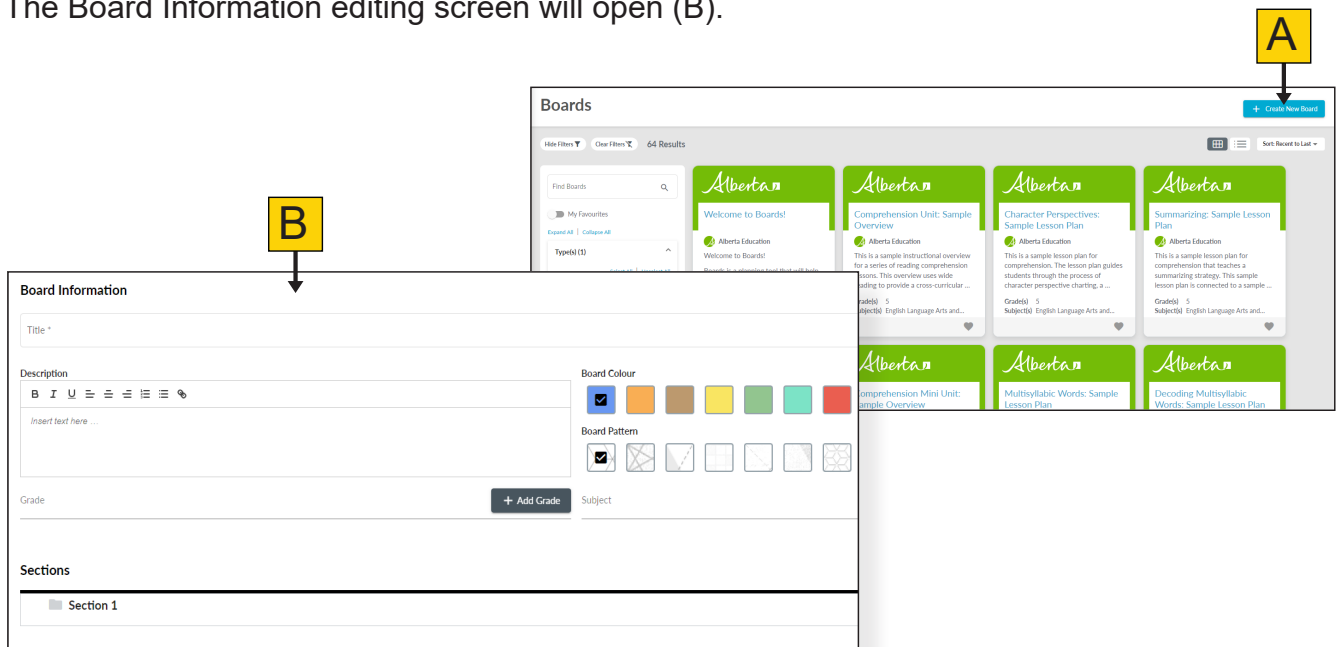

Please let us know if there are additional features that you would like to see. We want your feedback and feature requests in order to best support our users. Use the Contact Us button in the bottom right-hand corner of new.LearnAlberta.ca to share your ideas.

**Note:** The Boards tile and button is only visible if you are logged in with your teacher account.

## Create a New Board

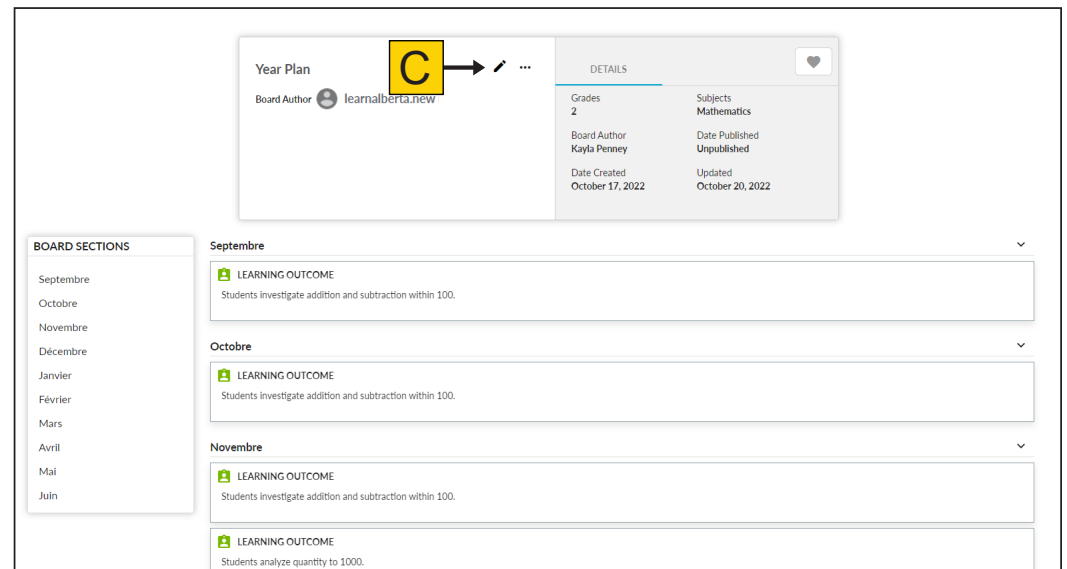

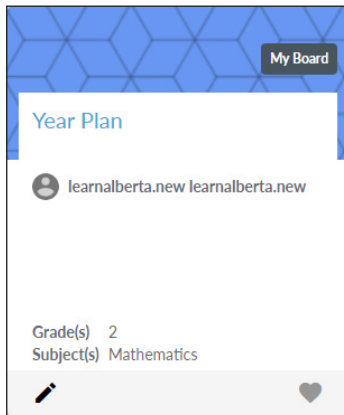

You can create a new board directly from the Boards landing page by clicking +Create New Board (A). The Board Information editing screen will open (B).

## Edit Board Information

To edit a board that you own or a board that has been shared with you as a collaborator, click the pencil icon.

In grid view, the pencil icon is located in the bottom left corner of the board (A). In list view, the pencil icon is located in the right-hand corner of the board (B). You can also edit a board by clicking on the board card and opening the board flyout panel. The pencil icon is located to the right side of the title (C). This will bring you directly to the selected board's editing screen.

# Title, Description, Colours

You have many customizable options when creating a board.

(A) Board Title: Click the text box underneath Title and begin typing.

(B) Board Description: Click the text box underneath Description and begin typing.

Here, you can **bold**, underline, *italicize*, or hyperlink text. You can also create numbered or bulleted lists.

(C) Board Colour: Hover your mouse over the colour you want and select that box.

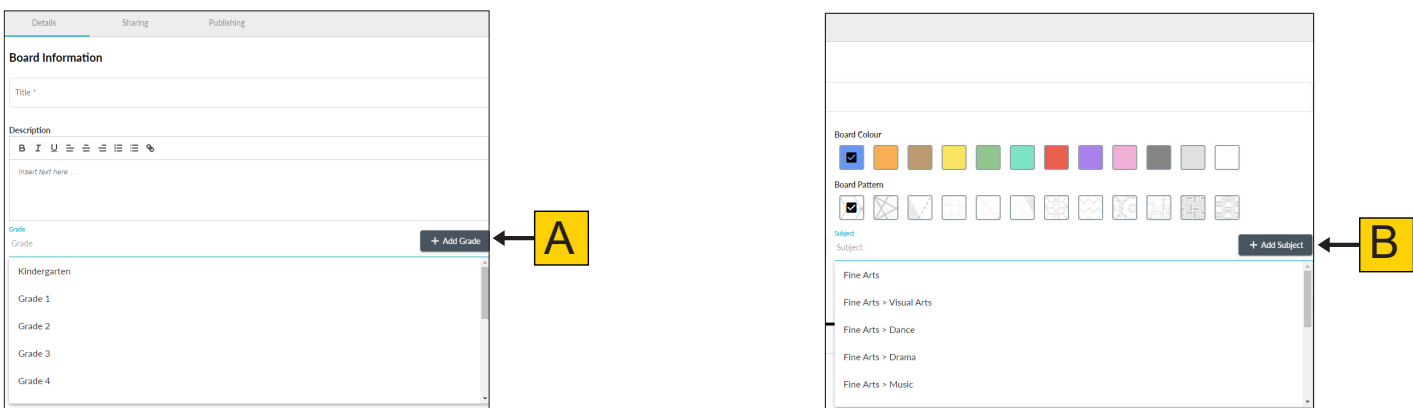

(D) Board Pattern: Hover your mouse over the pattern you want and select that box.

Click Save (E) to accept your edits to the board or click Close (F) to discard your changes.

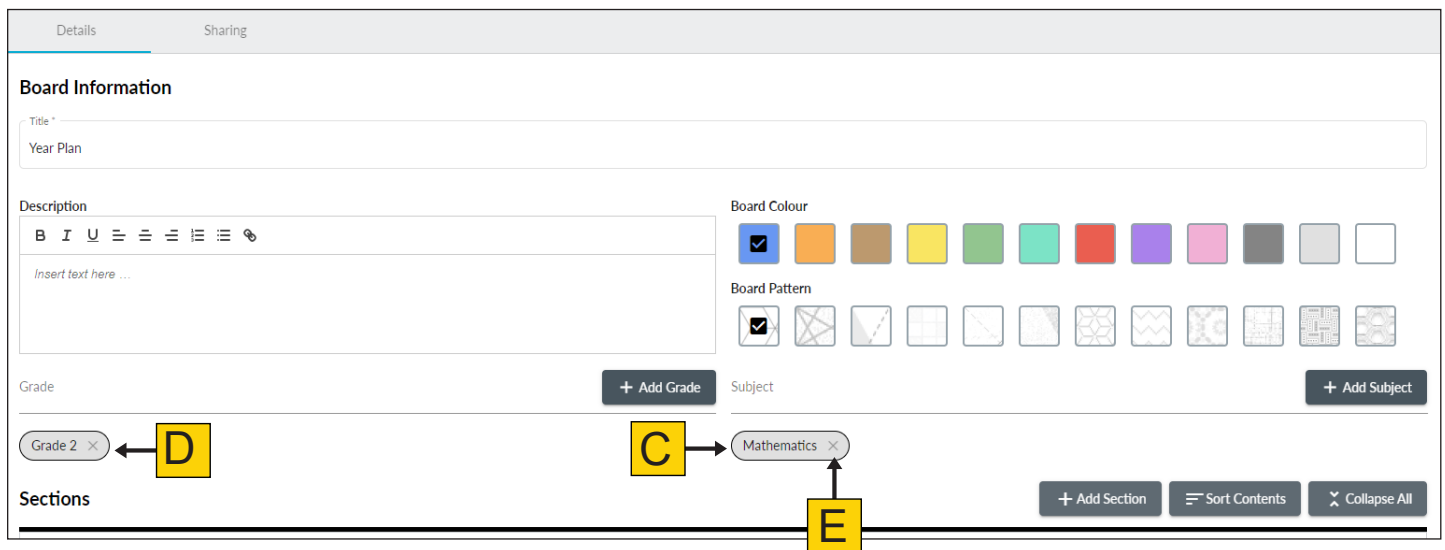

Changes will be reflected on the board card when you close the editing screen.

## Add a Subject and a Grade

To add a grade level to your board, select +Add Grade (A). To add a subject to your board, select +Add Subject (B). Click the grade or subject to add it to your board.

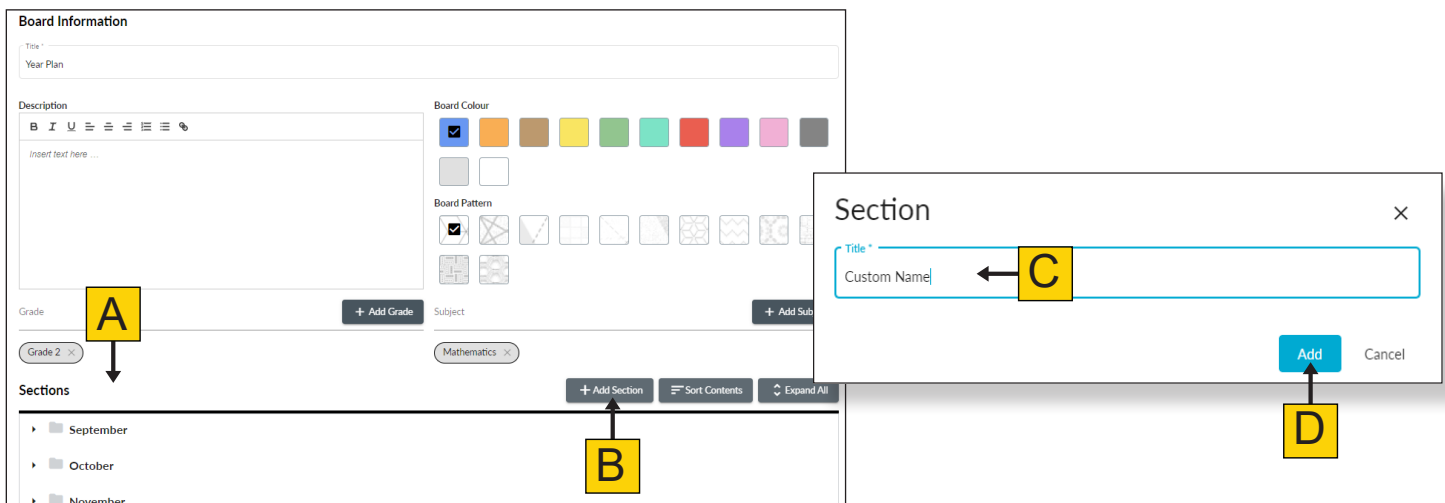

The chosen subject (C) and grade (D) will appear underneath the Subject and Grade sections. Click the x (E) to remove any subject or grade from your board.

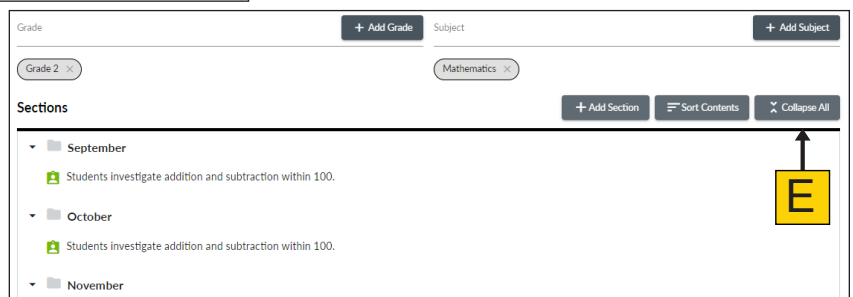

## Add a Section

Sections (A) will allow you to organize the information within your board and give you access to tools such as learning outcomes, resources, lesson notes, and private notes.

Add a section to your board by clicking +Add Section (B). Enter the name of your new section (C) and click Add (D).

You may wish to view your board in different ways as you are editing. Sections can be expanded and collapsed. Click Collapse All (E) to hide all the content within each section. Click Expand All to show all the content within each section.

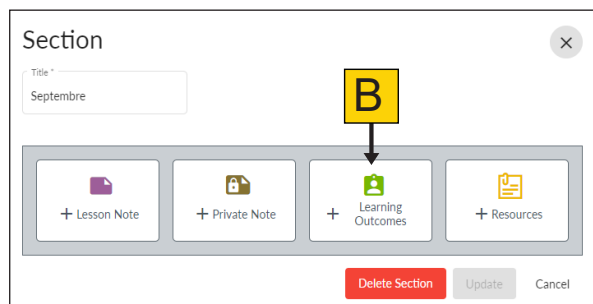

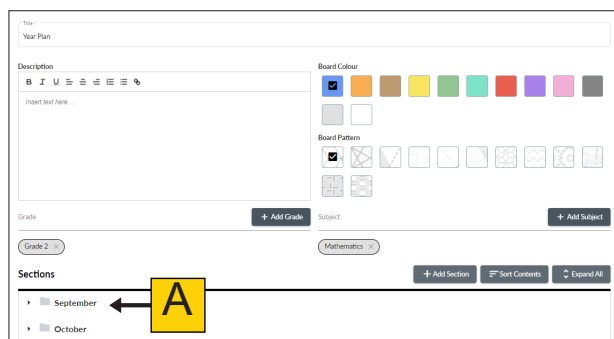

# Add Learning Outcomes to a Board

## Add from Within a Board

Learning outcomes can be added within the sections of a board from the editing screen.

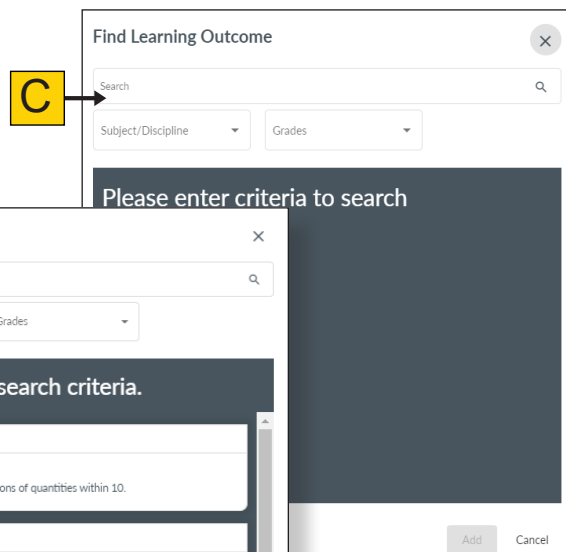

To add learning outcomes, click the title of the section (A) where you would like to add your learning outcomes. After clicking the section title, the section screen will appear. Choose +Learning Outcomes (B).

Enter your search criteria into the search box.

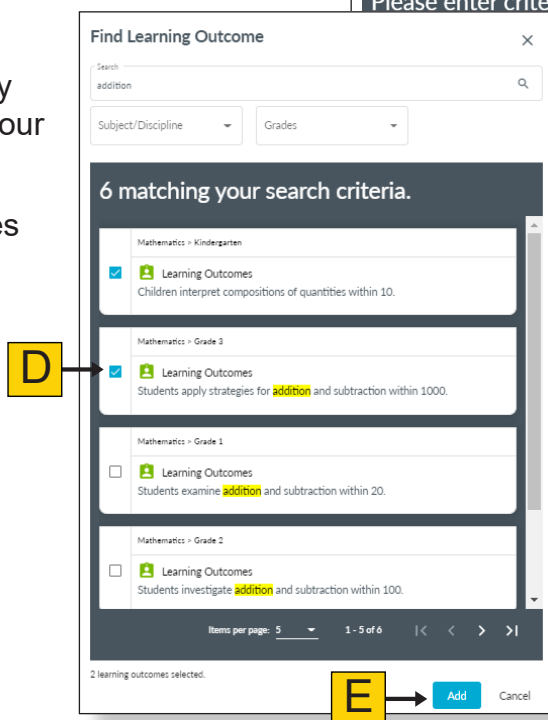

Learning outcomes can be searched (C) and filtered by:

- Keywords
- Subject/Discipline
- Grades

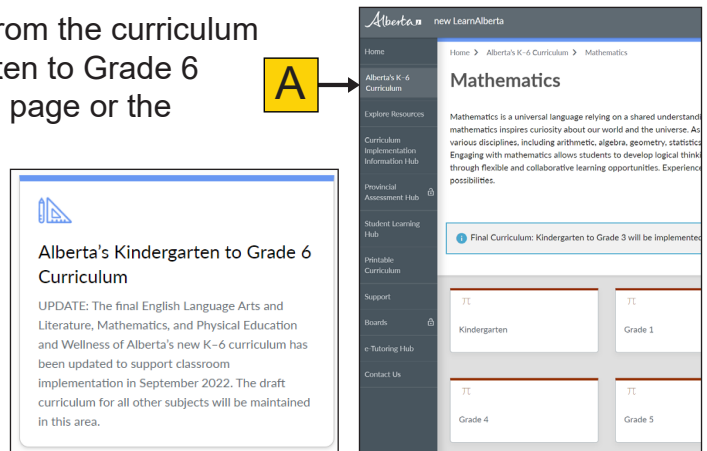

Use the checkboxes (D) to select as many learning outcomes as you would like for your Board.

Click Add (E) to add the learning outcomes to your Board.

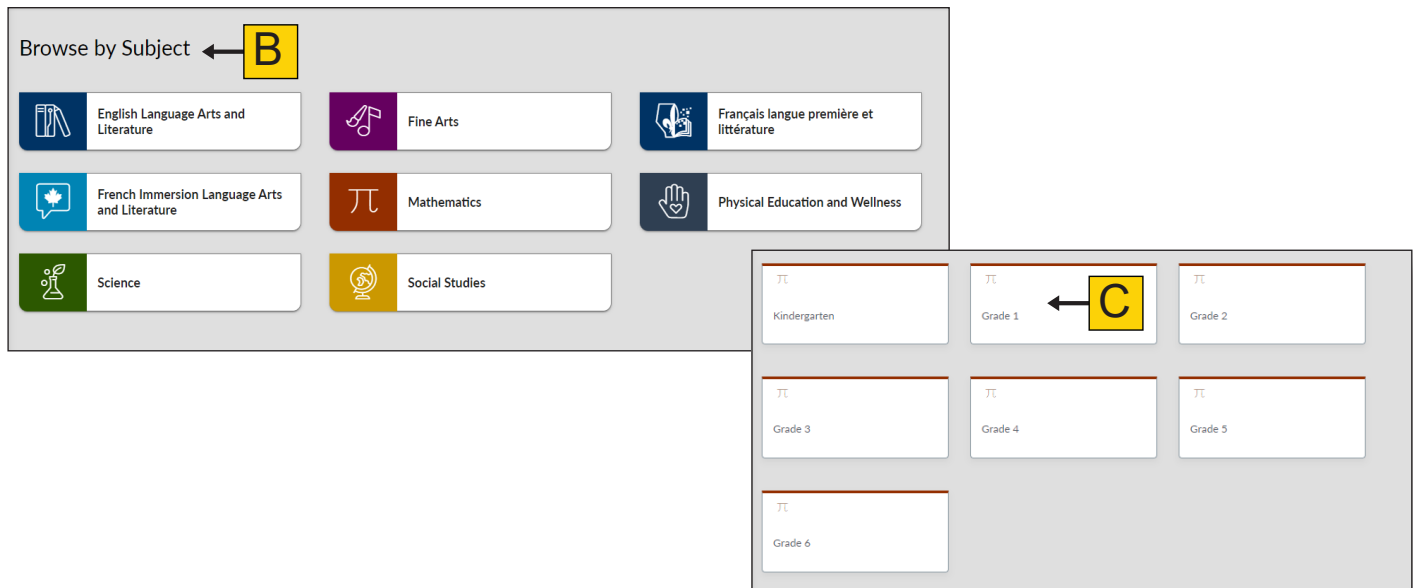

# Add from the Curriculum Viewer

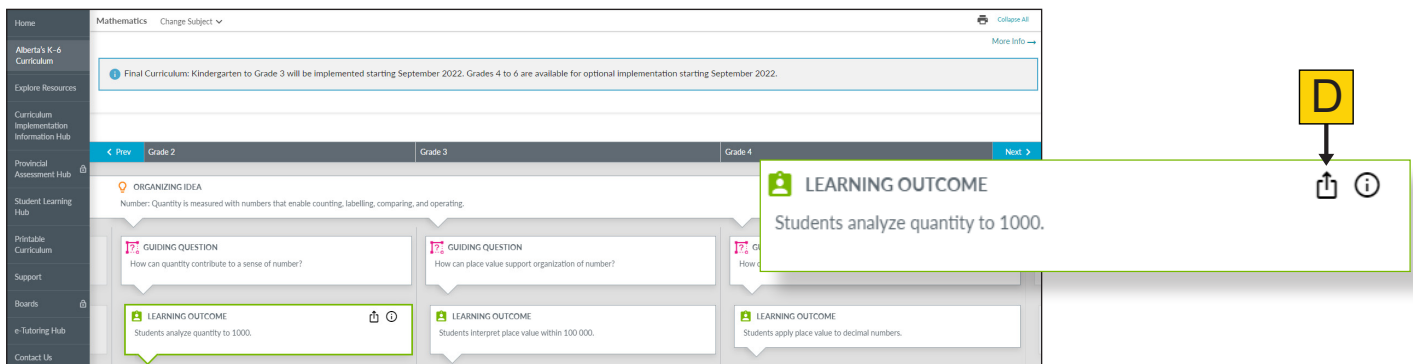

Learning outcomes can also be added to a board from the curriculum viewer. To begin, click the Alberta's New Kindergarten to Grade 6 Curriculum tile from the new.LearnAlberta.ca home page or the button on the left-hand navigation menu (A).

Choose the subject (B) that you wish to explore and the grade (C) that you would like to view.

Once you have picked a learning outcome to add to your board, hover your mouse over the learning outcome to see the share to icon (D).

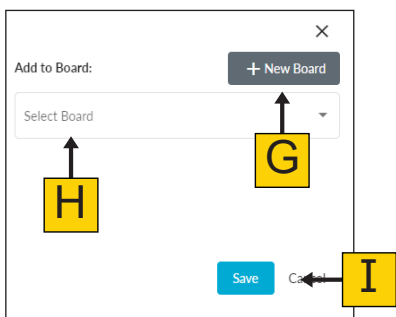

**Note:** You must be logged in with your teacher account to see the share to icon.

View your two options once you have clicked the share to icon. You can share the learning outcome to Boards (E) or to Google Classroom (F).

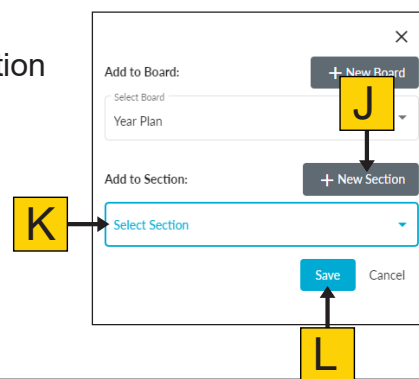

When you choose to share to a board, you will be prompted to create a new board by clicking +New Board (G) or select an existing board (H). Click Save (I) to continue.

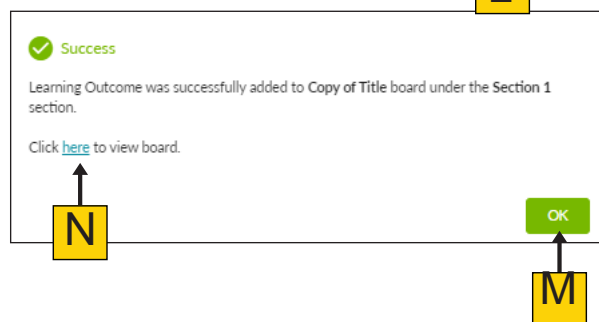

You will then be prompted to create a new section (J) or select a section that already exists (K).

Click Save (L) to add the learning outcome to your board.

You can now click OK (M) to continue creating boards, adding to existing boards, or navigating the curriculum. To view the board, click here (N), as shown.

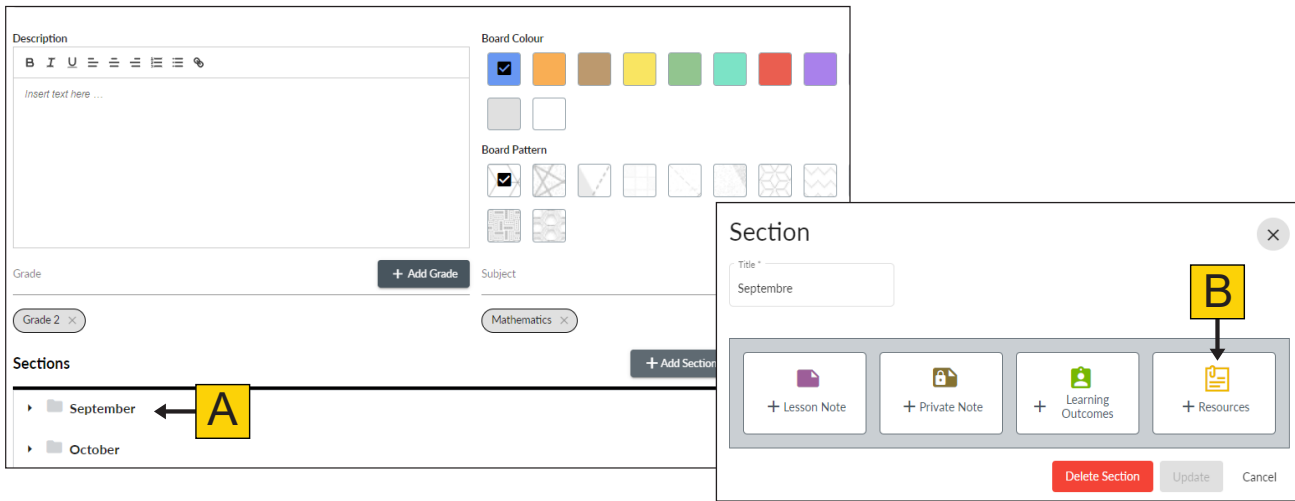

**Note:** Boards will automatically associate a grade and subject to your board based on the learning outcomes you have selected.

# Add Resources to a Board

Resources can be added to sections of a board from the board editing screen. To add resources, click the title of the section (A) where you would like to add your resources.

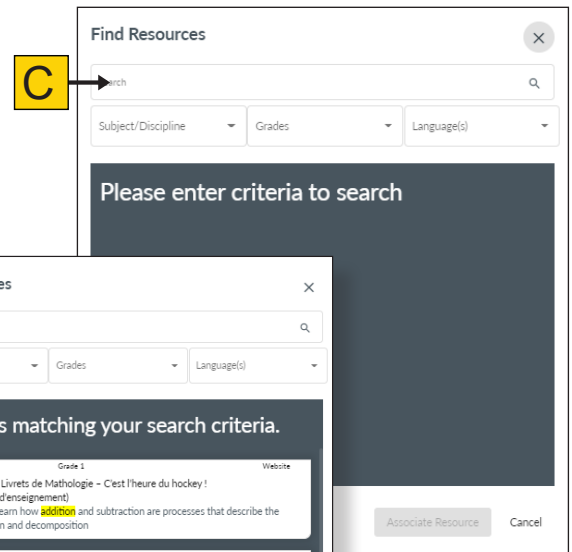

After clicking the section title, the section screen will appear. Choose +Resources (B).

Enter your search criteria into the search box (C).

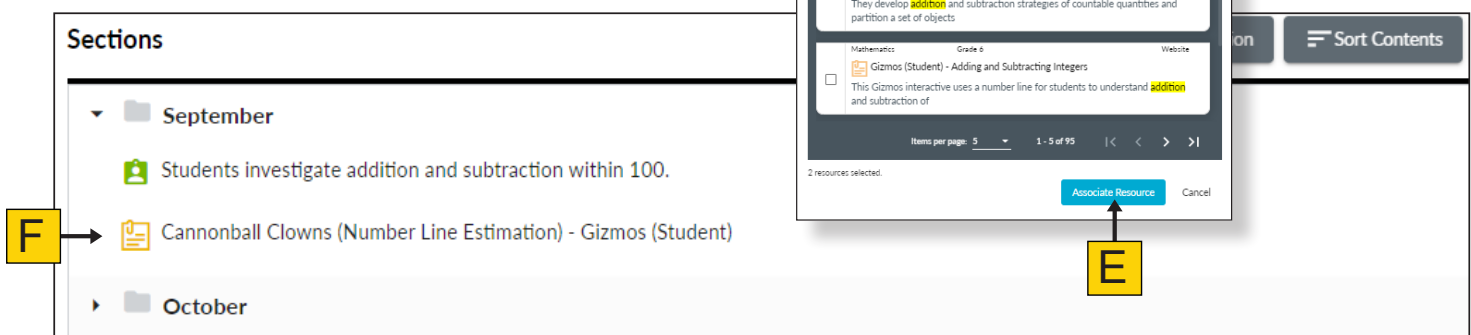

Resources can be searched and filtered by:

- Keywords
- Subject/Discipline
- Grades
- Language(s)

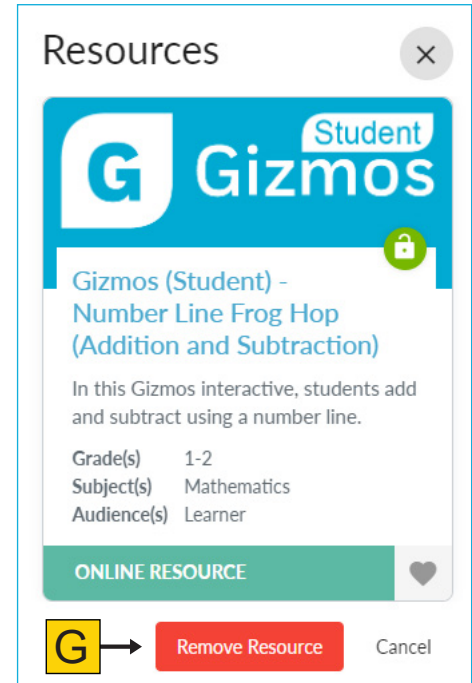

Use the checkboxes (D) to select as many resources as you would like for your board.

Click Associate Resource (E) to add the resource(s) to your board section (F).

Clicking the resource from within your board section will open a resource card preview. To remove the resource from your board section, click Remove Resource (G).

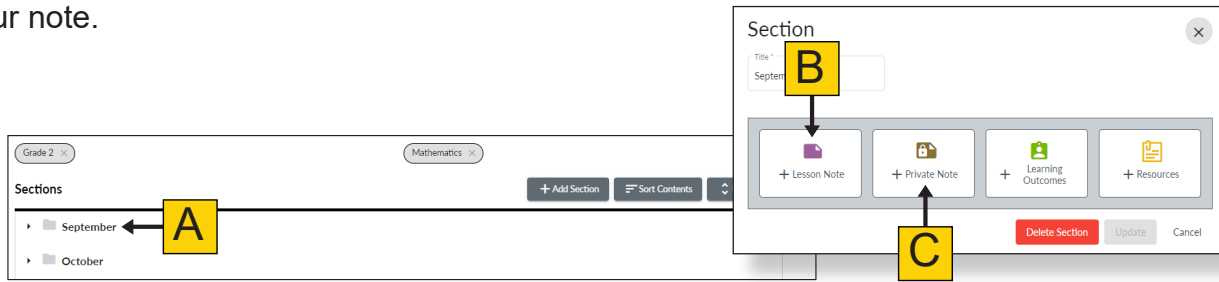

## Lesson Notes and Private Notes

Lesson notes and private notes can be added to sections of a board. A lesson note (A) will be visible to other users if you share your Board. A private note (B) will not be visible to other users if the board is shared.

## Add Lesson Notes or Private Notes

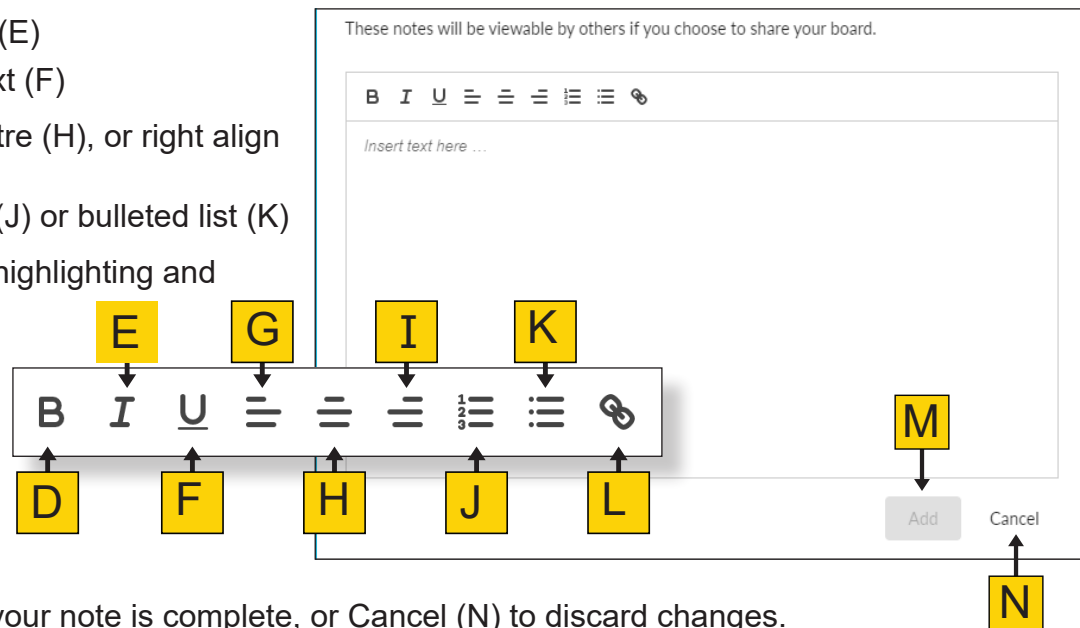

To add a lesson note or a private note, click the title of the section (A) where you would like to add your note.

After clicking the section title, the section screen will pop-up. Select +Lesson Note (B) to insert text that is viewable, if shared, or select +Private Note (C) to create a note that is only visible to you as the board owner.

You can now add and customize your text. The text editor will allow you to

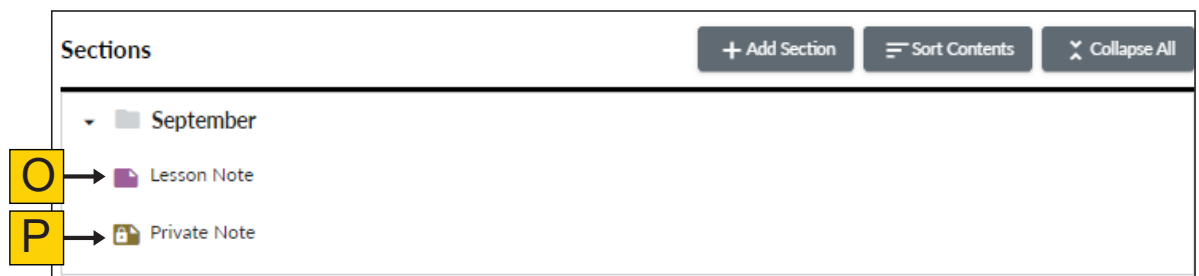

- **bold** your text (D)
- *italicize* your text (E)
- underline your text (F)
- left align (G), centre (H), or right align (I) text
- add a numbered (J) or bulleted list (K)
- hyperlink text by highlighting and clicking (L)

Click Add (M) when your note is complete, or Cancel (N) to discard changes.

Once you have added your note, it will be located within the selected section.

Lesson notes will have a purple icon (O) and private notes will have a lock icon (P).

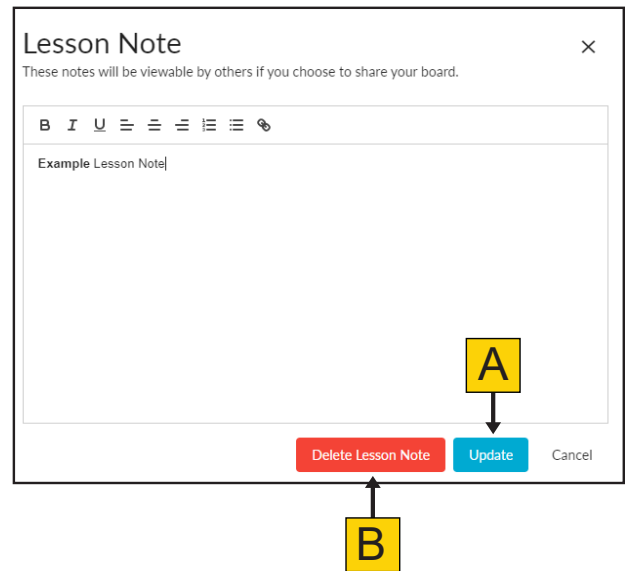

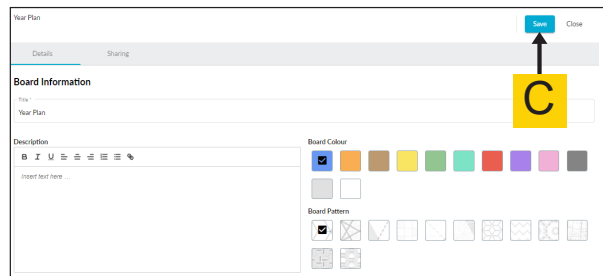

## Edit or Delete Lesson Notes and Private Notes

To edit or delete existing notes, click the note to open up the editing box.

Make any necessary edits and click Update (A). To delete an existing note, click Delete Lesson Note (B) for a lesson note or click Delete Private Note for a private note.

Click Save (C) in the top right-hand corner of the screen to accept the updated note to your board.

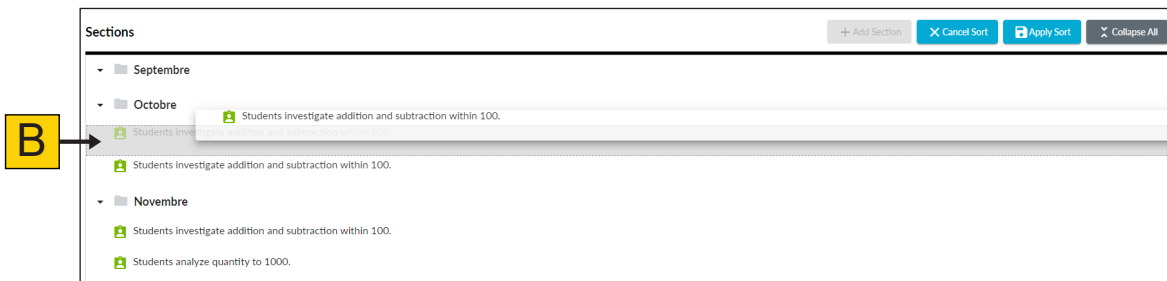

## Sort Sections and Contents

To sort sections or contents, click Sort Contents (A).

To sort contents within a section, choose an item to move by clicking the item with your pointer and dragging the item to another spot. You will see a preview (B) appear where the item will land when you release the pointer.

You can also sort the order in which your sections appear. Click Expand All/Collapse All (C) to see a list of your sections. Choose a section to move by clicking the section with your pointer and dragging the section to another spot. You will see a preview (D) appear where the section will land when you release the pointer.

When you have finished sorting your content, click Apply Sort (E) to accept your changes or Cancel Sort (F) to discard your changes.

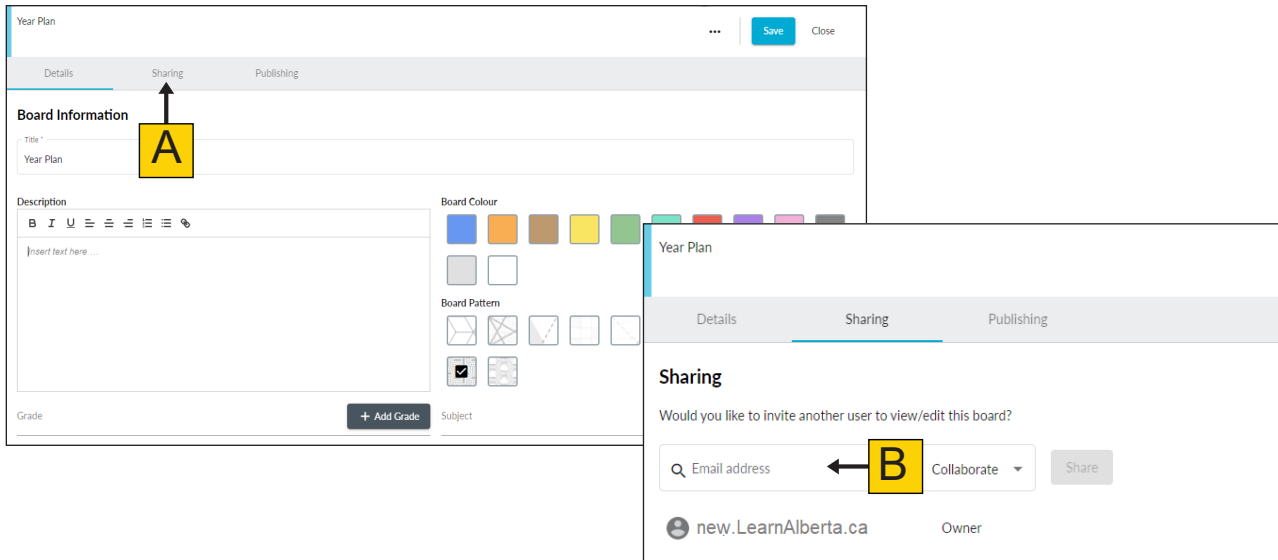

**Note:** Moving a section will move all of the contents within it.

## Board Sharing

The ability to share boards makes it possible for teachers to connect and interact from all corners of the province, allowing for greater professional collaboration and sharing of resources that will support student learning.

To share your board, navigate to the board's editing screen and click the Sharing tab (A).

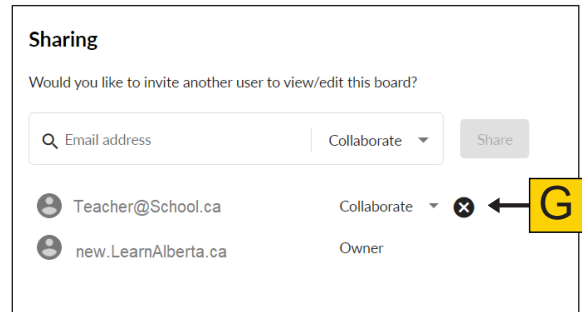

Enter the email address (B) of another Boards user. Choose View or Collaborate (C), then click Share (D).

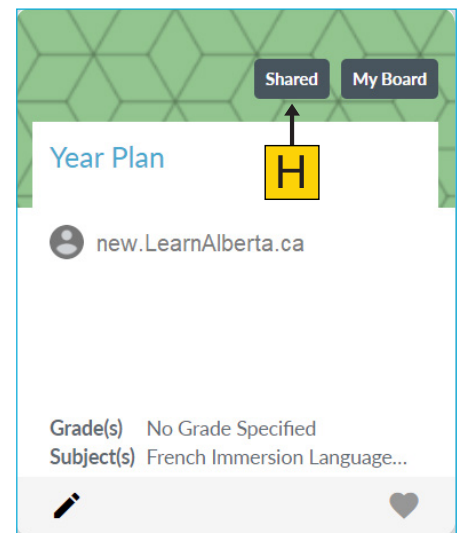

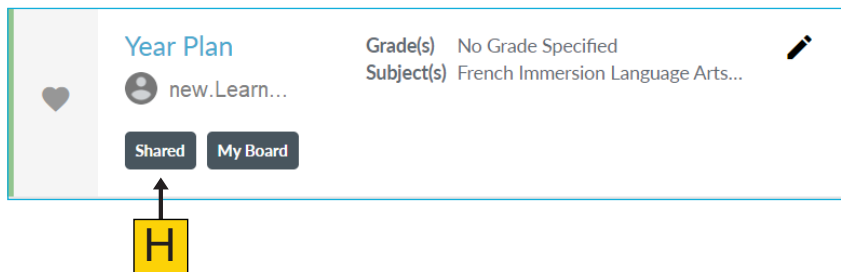

You must click Save (F) in the top right-hand corner before the other user(s) will receive access to the board.

To remove a user from your board, click the x (G) next to their name, then click save.

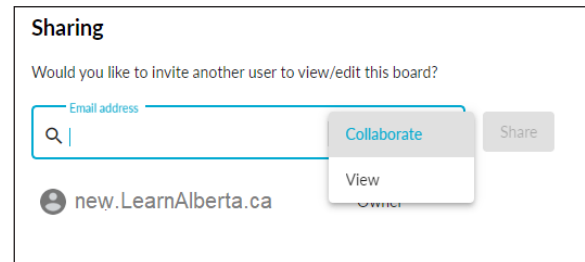

A Shared label (H) will be displayed on the board card to indicate that the board has been shared with another user.

## View Access and Collaborate Access

When you share a board, the permission you give another user will reflect what they are able to do with your board. See below for the differences between *View Access* and *Collaborate Access*.

		View Access	Collaborate Access
<b>Edit</b>	Title	✗	✓
	Description	✗	✓
	Patterns	✗	✓
	Grades	✗	✓
	Sections	✗	✓
	Lesson Notes	✗	✓
	Learning Outcomes	✗	✓
	Resources	✗	✓
	View Private Notes	✗	✗
<b>Actions</b>	Copy Board	✓	✓
	Print Board	✓	✓
	Leave Board	✓	✓
<b>Sharing</b>	Share Board	✗	✗
	Publish Board	✗	✗

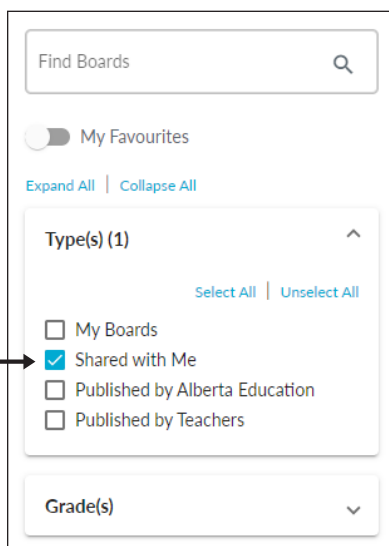

At this time, if a collaborator is working in the board at the same time as you are and they save their work first, you will not be able to save your work.

We recommend coordinating with any users who have been given collaborate access to ensure you are not working in the board at the same time.

If you do receive the warning that another user has saved before you, copy your text into another app and refresh. Re-enter your text and save again.

## Leave a Shared Board

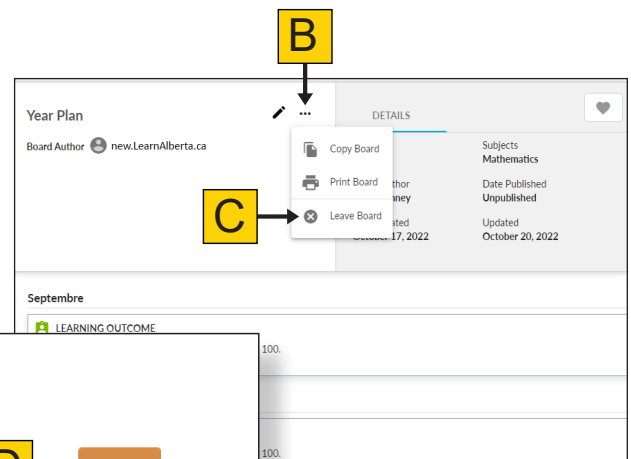

If there is a board that has been shared with you that you no longer wish to have in your account, you have the option to leave the board.

From the Boards landing page, select the filter “Shared with Me” (A). Locate the board you would like to leave, and click on the board card to open the card.

Click the more options (...) icon (B) and select Leave Board (C).

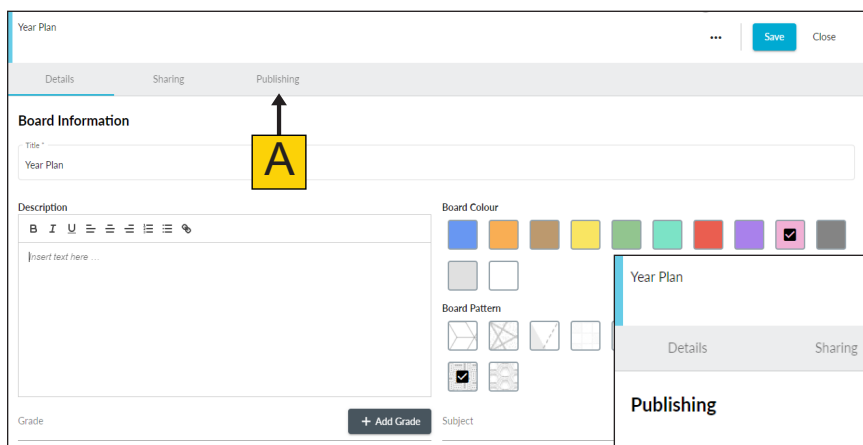

Select Confirm (D) when prompted.

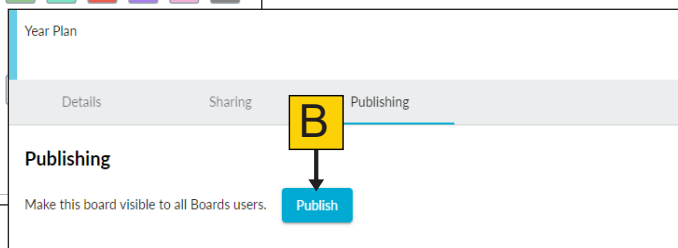

# Publishing a Board

Boards that are published are visible to all Boards users. You can view, copy, and print a published board. To publish your own board for other Boards users, click the Publishing tab (A).

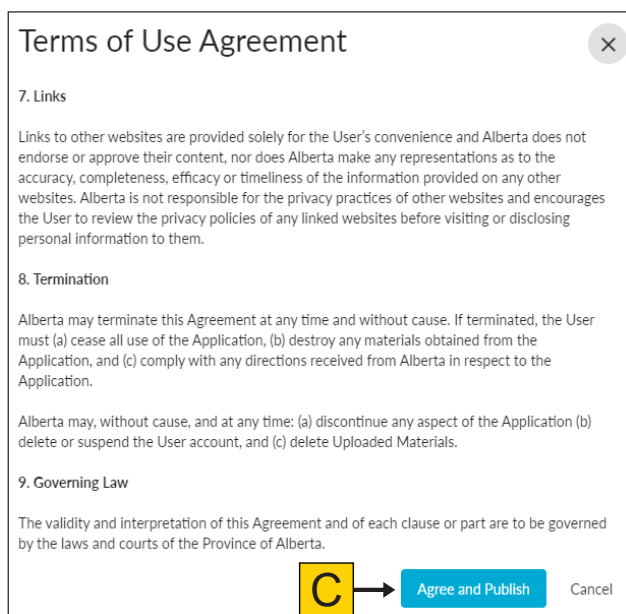

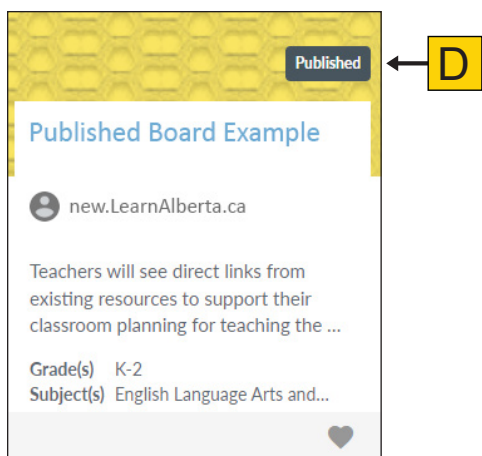

Next, click Publish (B) to make your board visible to all Boards users.

Once you have carefully read the Terms of Use Agreement, click Agree and Publish (C).

Your board will then be available to all Boards users.

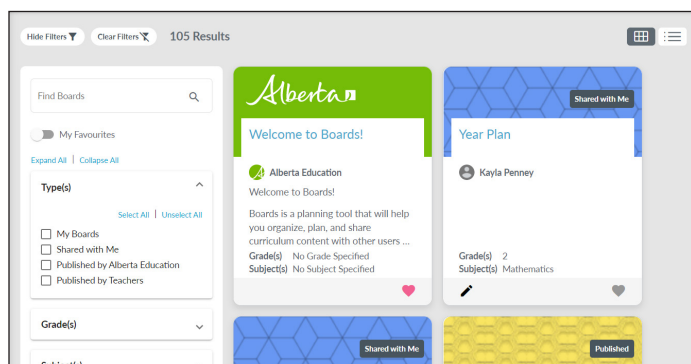

A Published label (D) will be displayed on the board card to indicate that the board has been published to all Boards users.

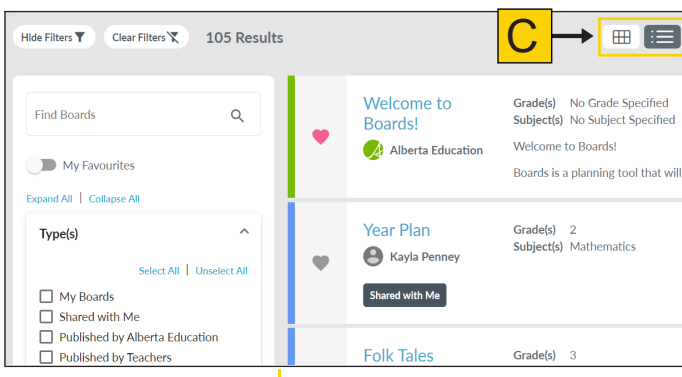

**Note:** When you save changes to a published board, those changes are immediately visible to all Boards users.

# Boards Landing Page

You are able to sort the boards using grid view (A) or list view (B) by clicking the sort icons (C).

A

B

## Boards Filters

### Filter Descriptions

On the left side of the page, you will find various filters (A). These filters will help you quickly find boards that support teaching and learning.

(B) Find Boards: Enter keywords related to your search.

(C) My Favourites: View boards that have been added to your favourites.

(D) “My Boards”: This shows boards that you own. You can open, edit, and share these boards, if you choose.

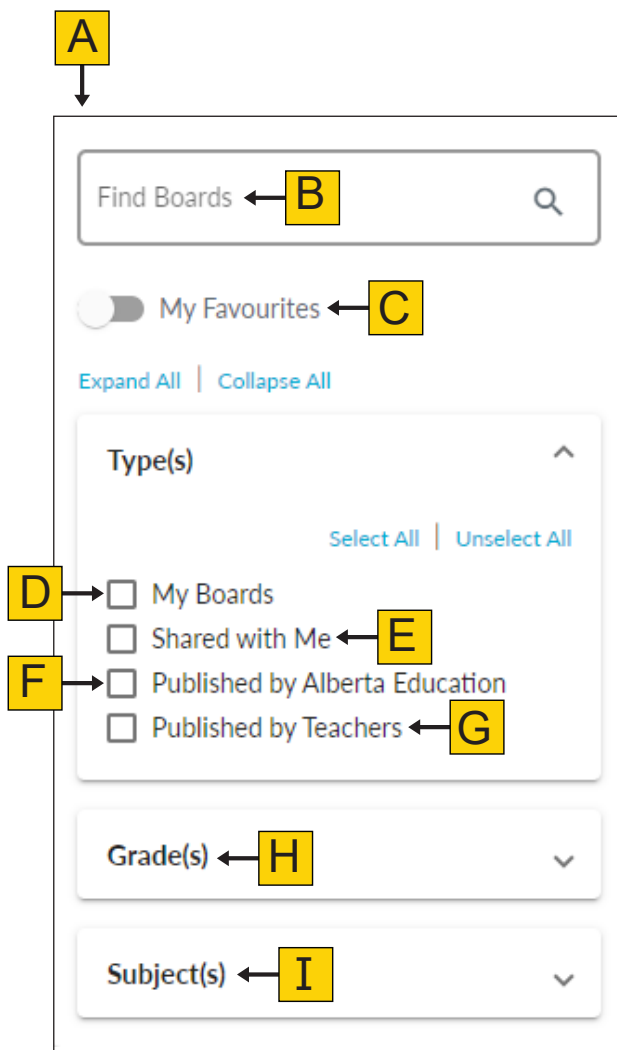

(E) “Shared with Me”: This shows boards that other users have given you access to. You may be able to view or edit these boards, depending on the permissions granted by the owner

(F) “Published by Alberta Education”: These are boards created by Alberta Education and shared with teachers to provide important information, including announcements, updates, user guides, tutorials, sample lesson plans, and more.

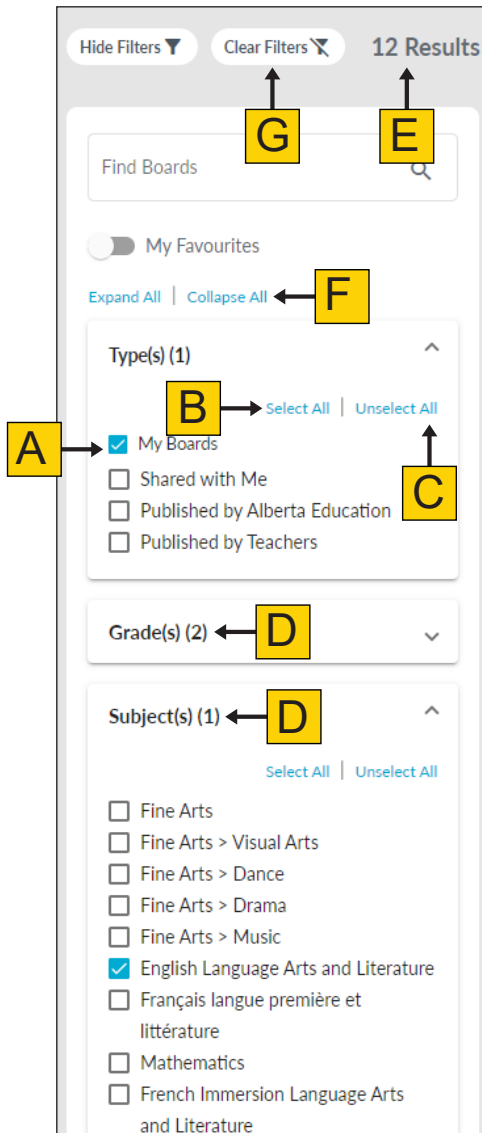

(G) “Published by Teachers”: These are boards created by Alberta certificated teachers and are visible to all Boards users.

(H) Grade(s): This allows users to filter boards by grade level(s).

(I) Subject(s): This allows users to filter boards by subject(s).

# Applying Boards Filters

Select the filters you would like included in your search results by clicking the checkboxes (A). Click Select All (B) to include all filters from the category. Click Unselect All (C) to remove all filters from the category.

A number (D) indicating how many filters you have selected for that category will be displayed next to the title.

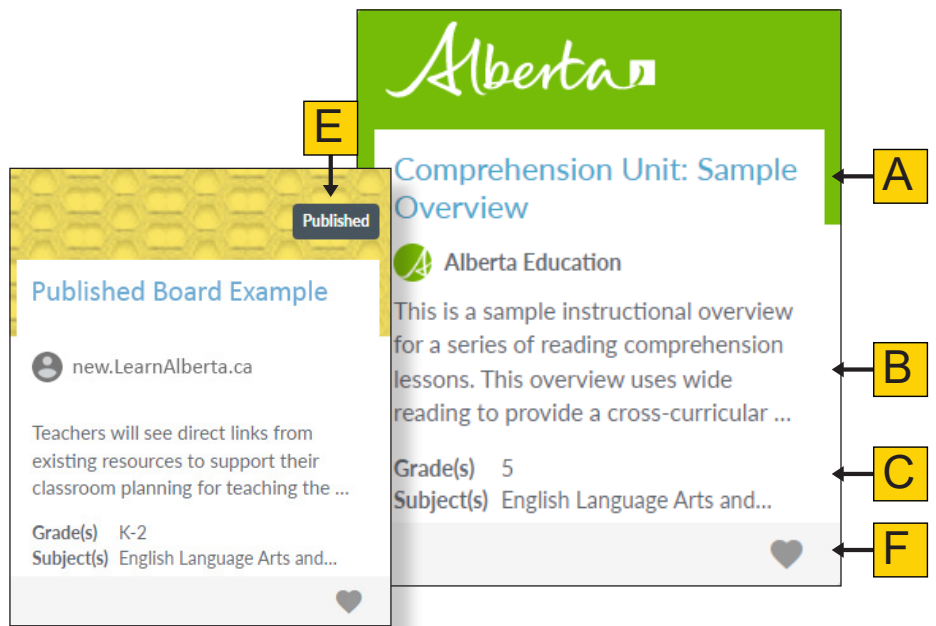

The number of results returned (E) according to your selected filters will be indicated above the filter panel. The results will be displayed on the right-hand side of the screen.

Choose Collapse All or Expand All (F) to close or open all filter sections, as needed.

Click Clear Filters (G) to remove any filters you have selected.

# Boards Cards

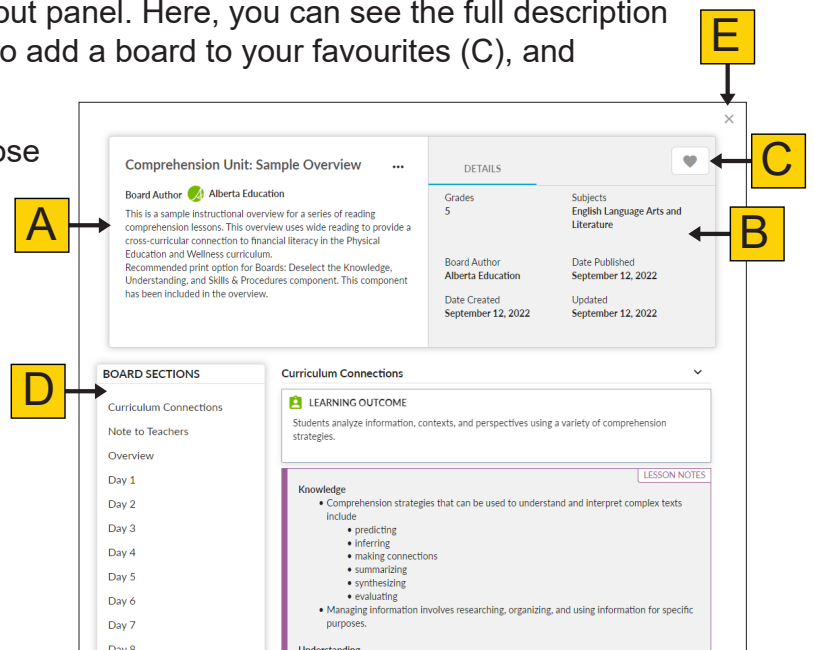

Each board card displays a summary of the board, including the title (A); a brief description (B); associated grade(s) and subject(s) (C); access permissions (D); board types (E); and the option to add a board (F) to My Favourites

# Boards Flyout Panel

Clicking a board card will open up the board flyout panel. Here, you can see the full description of the board (A), specific details (B), the ability to add a board to your favourites (C), and board sections (D).

Click the x (E) in the top right-hand corner to close the board flyout panel.

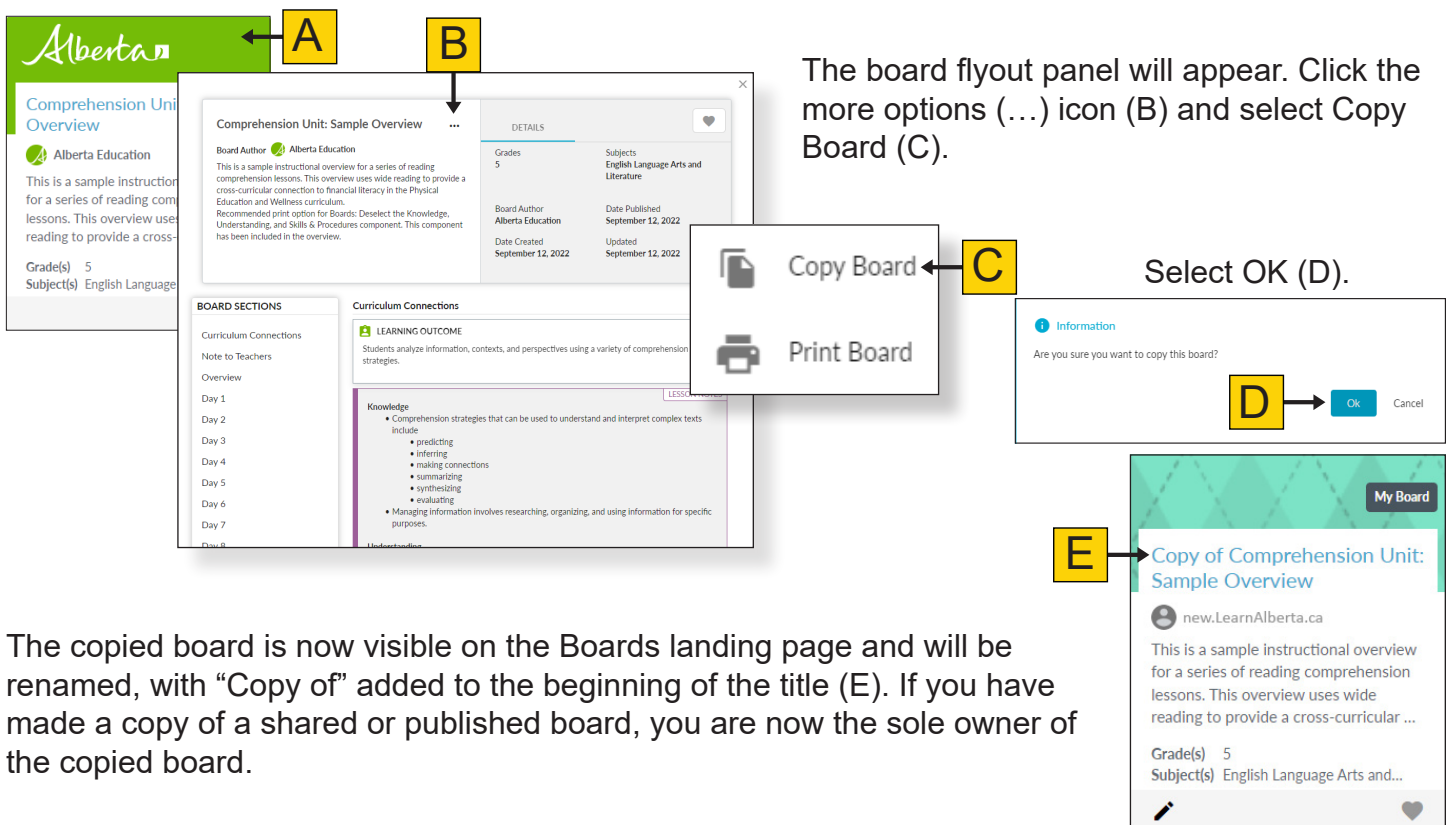

# Boards Options

## Copy a Board

Users have the ability to create copies of all types of boards in new.LearnAlberta.ca.

Navigate to the board you would like to copy, and click anywhere on the board card (A).

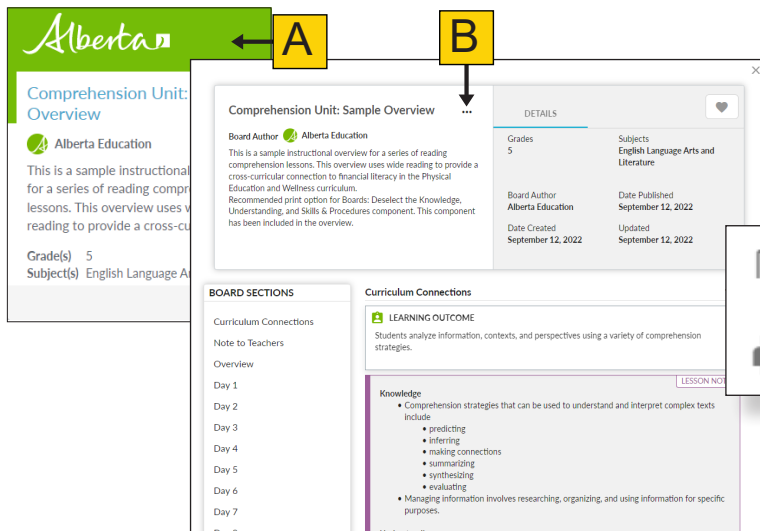

The copied board is now visible on the Boards landing page and will be renamed, with “Copy of” added to the beginning of the title (E). If you have made a copy of a shared or published board, you are now the sole owner of the copied board.

## Print a Board

Users have the ability to print a PDF version of all types of boards in new.LearnAlberta.ca.

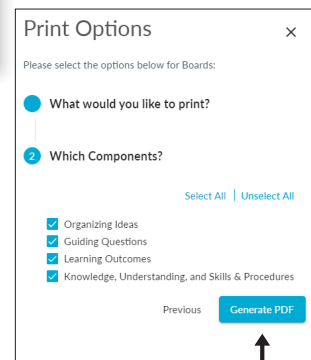

Navigate to the board you would like to print, and click anywhere on the board card (A).

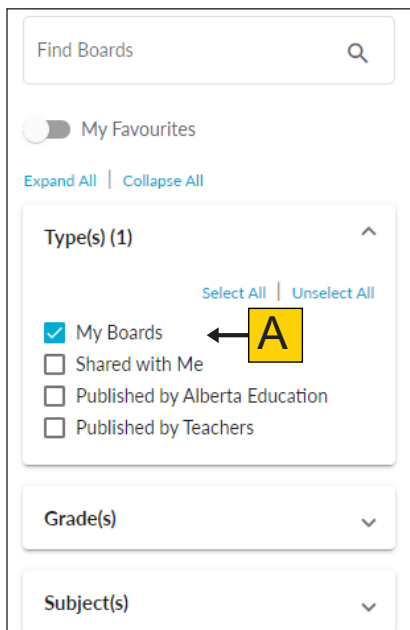

The board flyout panel will appear. Click the more options (...) icon (B) and select Print Board (C).

Select Generate PDF (D).

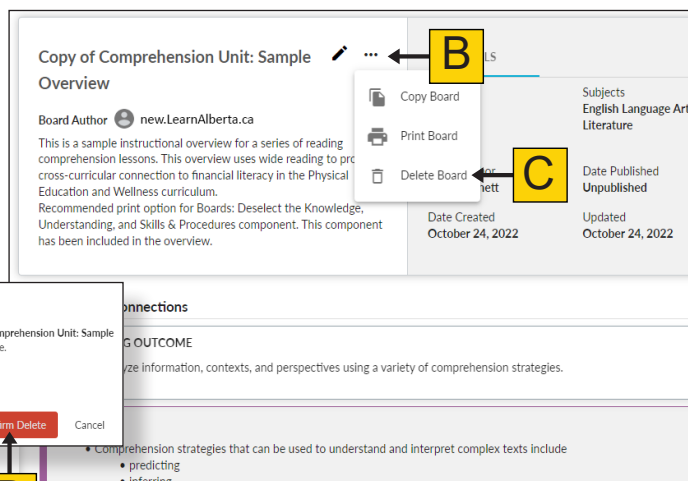

## Delete a Board

Users have the ability to delete their own boards. From the Boards landing page, select the filter “My Boards” (A). Locate the board you would like to delete, and click on the board card to open it.

Click the more options (...) icon (B) and select Delete Board (C).

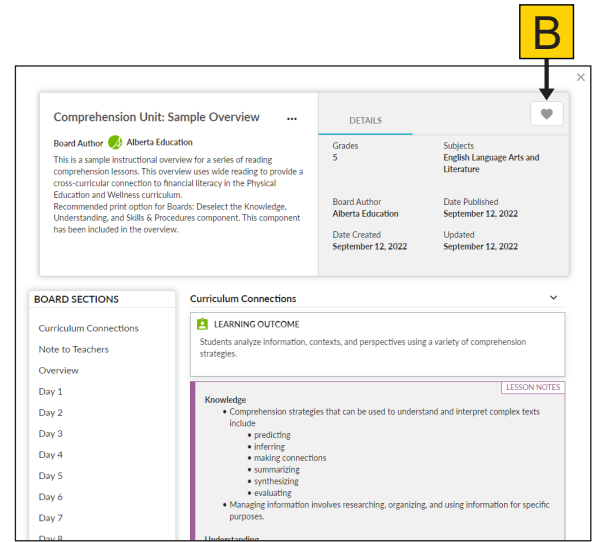

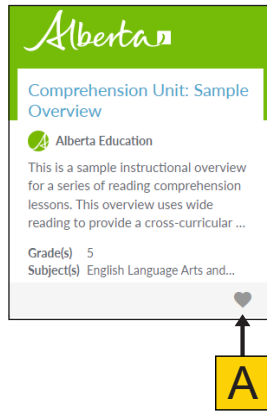

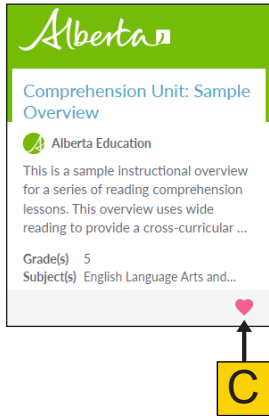

Select Confirm Delete (D) when prompted.

# Favouriting Boards

Teachers have the ability to add boards to My Favourites.

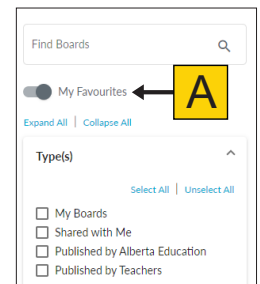

To add a board to My Favourites, click the heart on the board card (A) or in the board information flyout (B).

The heart will turn red (C), indicating the board has been added to My Favourites. You can remove a board from My Favourites at any time by clicking the heart again.

# Filtering by Favourites

Use the My Favourites (A) filter to view all of your favourite boards you have saved. You can further refine your favourites search by indicating what type of board you would like to see. Toggle the My Favourites switch on and select from the following:

- “My Boards” (B) is used to view your own boards that you have added to My Favourites.
- “Shared with Me” (C) is used to view boards that have been shared with you that you have added to My Favourites.
- “Published by Alberta Education” (D) is used to view boards that have been published by Alberta Education that you have added to My Favourites.
- “Published by Teachers” (E) is used to view boards that have been published by Alberta certificated teachers that you have added to My Favourites.

# Information Hubs

Through the information hubs, including the Student Learning Hub, parents, guardians, and teachers can access information.

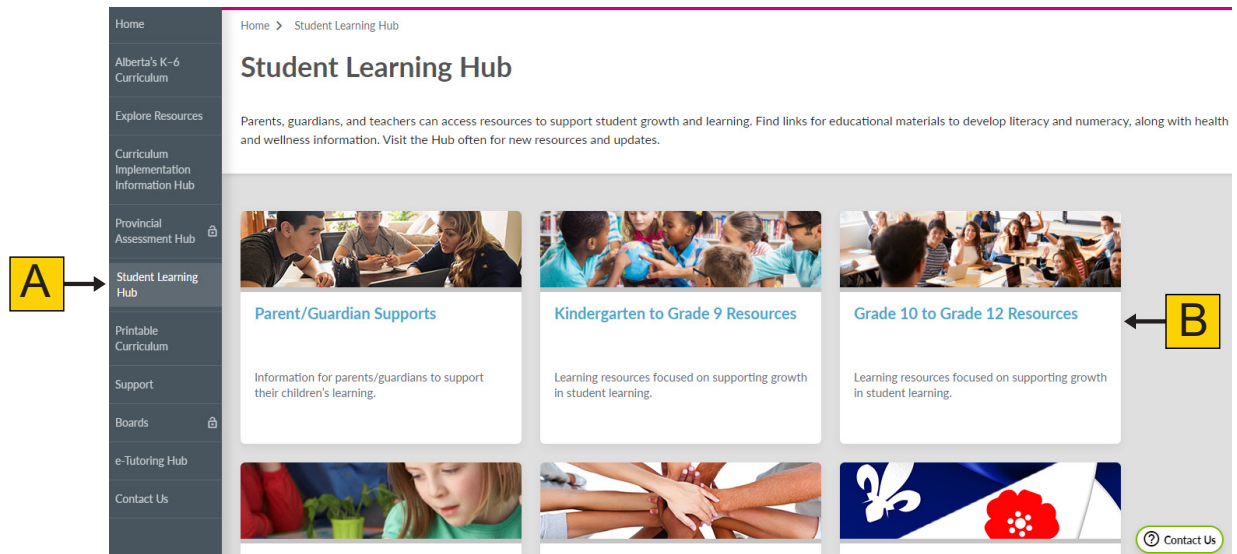

Visit the information hubs often for new resources and updates.

To access an information hub, click the tile on the new.LearnAlberta.ca home page or select an information hub (A) in the left-hand navigation menu. To explore an information hub, click a card (B).

## Student Learning Hub

Find literacy, numeracy, and wellness resources to support the transition back into Alberta's classrooms.

The card will provide you with more options or open a panel (C) with more information for you to view.
